

▪ **Lignocellulosic  
BIOFUEL**  
A Way Forward

**THE** INAUGURAL LECTURES  
are given by honored  
faculty members within

the University who have obtained the  
rank of full professor. This event gives the  
honoree the opportunity to deliver a lecture  
to fellow faculty and other university guests  
concerning their work and research interests.

The context of the lecture itself typically includes a summary  
of the evolution and nature of the honoree's specialized field,  
highlights of some of the general issues of that particular field,  
and a description of how the honoree situates his/her work  
within their field.

UPM conducts this event to highlight and bring attention  
to the scholarly work that is being done by its  
distinguished faculty and to illustrate how  
the work contributes to mankind  
as a whole.
