MISI

Misi Universiti adalah menjadi Pusat Pembelajaran dan Penyelidikan yang unggul, yang menyumbangkan bukan sahaja kepada kemajuan manusia, dan penerokaan ilmu tetapi juga kepada pembentukan kekayaan dan pembangunan negara.

MISSION

The university's mission is to be a leading centre of learning and research, contributing not only towards human advancement and creation of knowledge but also to the creation of wealth and nation building.

OBJEKTIF

OBJECTIVE

Untuk mengukuhkan lagi daya saing dan keupayaan UPM dalam menangani arus perubahan dengan jayanya, beberapa objektif telah dirangka berteraskan kepada misi UPM. Diantaranya ialah :

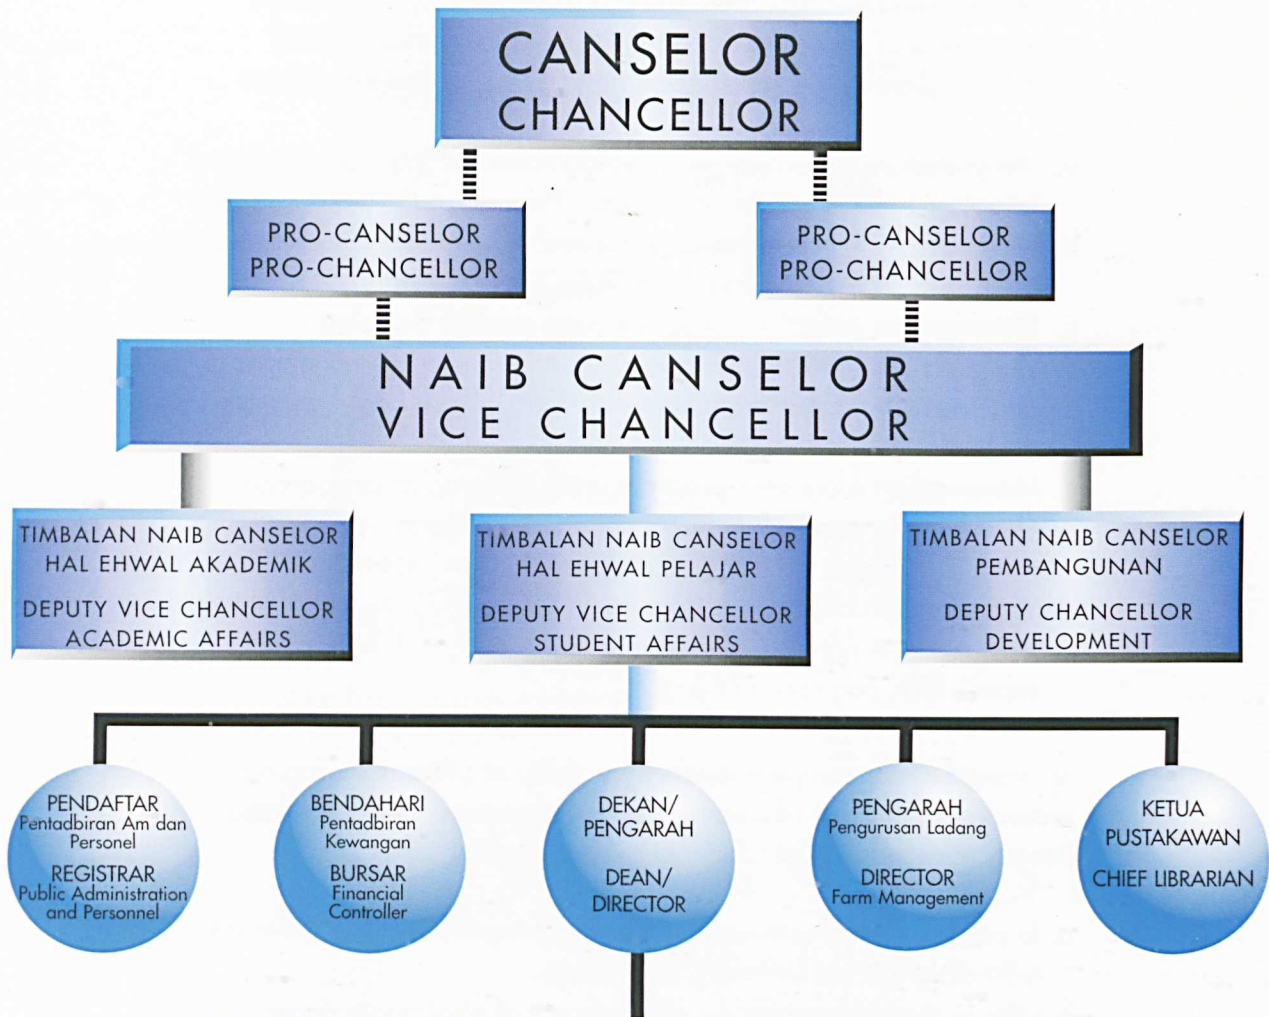

- a. Menyediakan Prasarana yang menggalakan penggunaan Teknologi terkini kepada Pelanggan - Pelanggan Universiti
- b. UPM berada di barisan hadapan menerajui perkembangan Koridor Raya Multimedia (Multimedia Super Corridor)
- c. Menawarkan program - program yang mampu bersaing
- d. Mengadakan pakatan strategik dengan institusi - institusi awam dan swasta samada dari dalam atau luar negara bagi kebaikan bersama.
- e. Menawarkan program - program untuk pasaran antarabangsa
- f. Menawarkan pendidikan tinggi kepada pelanggan - pelanggan seramai mungkin
- g. Meningkatkan bilangan pengambilan pelajar
- h. UPM menjadi universiti unggul menerima anugerah kewangan seperti IRPA dan lain -lain lagi

To strengthen the competitiveness and ability of UPM in managing successfully the wave of change, several objectives were formulated based on the mission of UPM - Among them are:

- a. To provide the infrastructure which encourages the use of advance technology for the University's customers.*
- b. UPM in the forefront for the development of Multimedia Super Corridor.*
- c. To offer programmes that are able to compete.*
- d. To have strategic alliance with the private and public institutions be it from within or outside the country for the common good.*
- e. To offer programmes for international market.*
- f. To offer tertiary education to as many customers.*
- g. To increase the member of student intake.*
- h. UPM become the ideal university to receive monetary awards such as IRPA and etc.*

VICE CHANCELLOR REPORT

LAPORAN NAIB CANSOLOR

Universiti Pertanian Malaysia sekali lagi menunjukkan prestasi yang cemerlang dalam tahun 1996 dengan meneroka beberapa perkembangan - perkembangan baru dalam berbagai bidang terutamanya dalam bidang teknologi maklumat, penyelidikan dan rekacipta, pendidikan dan pembangunan pusat - pusat yang menjana perkembangan dan pertumbuhan universiti dalam era pendidikan abad ke 21. Sebagai sebuah universiti yang mempunyai misi yang amat jelas, untuk menjadi sebuah pusat pembelajaran dan penyelidikan yang ulung, yang menyumbangkan bukan sahaja kepada kemajuan manusia dan penerokaan ilmu, tetapi juga kepada pembentukan kekayaan dan pembangunan negara, maka jelaslah alternatif yang dipilih pada tahun 1996 menuju ke arah tersebut .

Kecemerlangan UPM ditunjukkan melalui keperihatinan terhadap seruan kerajaan untuk meningkatkan jumlah pengambilan pelajar menjelang tahun 2000 bagi membekalkan pendidikan tinggi kepada lebih ramai rakyat Malaysia bagi keperluan negara.

The Agricultural University of Malaysia once again has shown excellent achievement in 1996 by discovering several new development in various fields especially in the field of information technology, research and invention, education and development of centres which generate the development and growth of the university in the 21st century of educational era. As a university with a very clear mission, to be a leading centre of learning and research, contributing not only toward human advancement and creation of wealth and nation building. It is clear that the alternatives chosen in 1996 were geared towards that goal.

The excellence of UPM is shown through its sensitivity towards the government's call to increase the student intake by the year 2000 in providing for higher education to more Malaysians for the nation's need. UPM has set a record of the highest intake in 1996 compared to other universities with an increase of 68 per cent, i.e. a total of 9,755 students in 1996 compared to 5,790 students in 1995. The overall student enrolment showed an increase of 32 per cent, i.e., a total of 17,864 students. The candidates for higher degree showed a higher increment, i.e. 65 per cent for Master students and 61 per cent for Ph. D., students.

LAPORAN NAIB CANSELOR

VICE CHANCELLOR REPORT

UPM telah mencipta rekod dengan membuat pengambilan tertinggi pada tahun 1996 berbanding universiti lain dengan peningkatan pengambilan pelajar sebanyak 68 peratus iaitu seramai 9,755 pada tahun 1996 berbanding 5,790 pada tahun 1995.

Secara keseluruhannya enrolmen pelajar menunjukkan peningkatan sebanyak 32 peratus iaitu seramai 17,864 pelajar. Calon pelajar ijazah tinggi juga menunjukkan pertambahan yang tinggi iaitu sebanyak 65 peratus bagi pelajar Master dan 61 peratus bagi pelajar Doktor Falsafah.

Sebagai sebuah universiti yang menekankan kepada penyelidikan dan penerokaan ilmu dan merupakan sebuah universiti yang menerima peruntukan penyelidikan yang tertinggi dari kerajaan iaitu sebanyak RM 26.7 juta pada tahun 1996, UPM telah menghasilkan penemuan-penemuan terbaru dari masa kesemasa. Pencapaian tersebut dibuktikan melalui penerimaan pelbagai anugerah seperti Anugerah Majlis Penyelidikan dan Kemajuan Sains Negara (MPKSN) di atas kecemerlangan dalam bidang penyelidikan dan kemajuan sains, Anugerah Pencapaian Inovasi dari Kementerian Pembangunan Usahawan di atas penemuan baru dalam proses mempulpa gentian Kelapa Sawit, Anugerah Khas Perkhidmatan Awam (Pengurusan Teknologi Maklumat 1996) dari MAMPU di atas kecemerlangan dalam bidang Pengurusan Teknologi Maklumat.

As a university that emphasizes research and discovery of knowledge and received that highest allocation for research from the government, i.e. a total of RM26.7 million in 1996, UPM has produced new findings from time to time.

The achievement was proven by the various awards received such as National Science Research and Development Council Award for Excellence in the field of Research and Development of Science, Innovation Achievement Award from the Ministry of Entrepreneur Development for new findings in processing pulp fibre of palm oil, Public Services Special Award (Information Technology Management 1996) from MAMPU for its excellence in the field of Information Technology. Individually, some UPM academic officers received Young Scientists Award, National Design Award, Language Main Award 1996, Best Editor - National Book Award, and received two gold medals and one Bronze in MINDEX - INOTEC 1996 Design Competition. The excellence shown by the institution and the individuals showed the concern of UPM towards the development of research, education and the progress of science and technology in Malaysia.

The UPM has seriously emphasized the use of information technology where in 1996 the University has provided for computerised "Work Station" to all academic staff and "Pentium" computers for the use of the general administration of the university.

VICE CHANCELLOR REPORT

LAPORAN NAIB CANSELOR

Di peringkat individu pula, beberapa pegawai akademik UPM telah menerima Anugerah Saintis Muda, Anugerah Perekacipta Negara, Hadiah Utama Bahasa 1996, Editor Terbaik - Anugerah Buku Kebangsaan dan mendapat dua pingat emas dan satu gangsa dalam Pertandingan Rekacipta MINDEX/INOTEC 96'.

Kecemerlangan yang ditunjukkan di peringkat institusi dan individu ini menunjukkan keperihatinan UPM terhadap perkembangan penyelidikan, pendidikan dan kemajuan sains dan teknologi di Malaysia.

UPM telah memberikan penekanan yang begitu serius terhadap penggunaan teknologi maklumat di mana pada tahun 1996, Universiti telah membekalkan komputer "Work Station" kepada semua pegawai akademik dan komputer "Pentium" untuk kegunaan pentadbiran am universiti. Universiti juga amat menggalakkan setiap lapisan kakitangannya mempelajari secara mendalam tentang penggunaan komputer supaya budaya komputer dapat dihidupkan di UPM. Bagi menjayakan hasrat universiti, UPM telah menggunakan perisian "Lotus Notes" bagi urusan dalaman Universiti seperti penyebaran maklumat, permohonan cuti dan pendaftaran pelajar bagi tujuan mengurangkan penggunaan kertas "Paperless" dan untuk meningkatkan kecekapan dan keberkesanan pentadbiran universiti. Fasa kedua Sistem Rangkaian Universiti (UPMNET) melibatkan seluruh kampus telah dilaksanakan pada tahun 1996 di mana projek-projek seperti Sistem Rangkaian Komputer Kampus, Sistem Maklumat Pelajar, Projek Pendigitilan Universiti serta Projek Sistem Bantuan Keputusan dan Sistem Maklumat Eksekutif dapat dilaksanakan sepenuhnya.

The university also encouraged its staff to learn the use of computers so as to inculcate computer culture in the university. To fulfill the university's goal, UPM has used the "Lotus Notes" software for the University internal use such as dissemination of information, application of leave and registration of students with the aim to decrease the use of paper and to increase efficiency and effectiveness of the university's administration. The second phase of the university network system (UPMNET) which involves the campus was implemented in 1996 where projects such as the Campus Computer Network System, Student Information System, University's Digitisation Project as well as Result Support System Project and Executive Information System was fully implemented. On 18th December 1996 UPM home page was renewed and launched in providing the university's information to the society inside and outside the country.

The discovery of various programmes has made the University to create new programmes and faculties. The UPM began to take steps in the field of medicine with the formation of the Faculty of Biomedicine and Health Science which began to take in students for the July 1996 session. Initially the faculty offers new programme Bachelor of Science (Biomedical Science) so as to produce graduates who are skillful in preclinical medicine. Another new faculty was formed, i.e. Faculty of Design and Architecture which offers Bachelor of Landscape Architecture programme.

VICE CHANCELLOR REPORT

Pada 1 Disember 1996 helaian web UPM telah diperbaharui dan dilancarkan bagi membekalkan maklumat Universiti kepada semua masyarakat di dalam dan luar negara.

Penerokaan terhadap kepelbagaian program telah mengerakkan UPM untuk mewujudkan beberapa program dan fakulti baru. UPM mula mengorak langkah dalam bidang perubahan dengan penubuhan Fakulti Bioperubatan dan Sains Kesihatan yang memulakan pengambilan pelajar pada sesi Julai 1996. Pada peringkat permulaan fakulti tersebut menawarkan program baru Bachelor Sains (Sains Bioperubatan) bagi melahirkan graduan - graduan yang mempunyai kemahiran dalam bidang perubatan pra-klinikal.

Sebuah lagi fakulti baru ditubuhkan iaitu Fakulti Rekabentuk dan Senibina yang menawarkan program Bachelor Seni Bina Landskap. Sehubungan dengan perkembangan ini, Fakulti yang sedia ada juga memperluaskan bidangnya dengan menambahkan penawaran program - program baru, terutamanya fakulti Kejuruteraan yang menawarkan tujuh program baru iaitu Bachelor Kejuruteraan dalam bidang Kimia, Aero Angkasa, Proses dan Permakanan, Sistem Komputer dan Komunikasi, Biologi dan Pertanian, Elektrik dan Elektronik dan Mekanikal. Fakulti Ekologi Manusia pula menawarkan program baru iaitu Bachelor Muzik. Penerokaan terhadap program - program baru ini akan memberikan manfaat kepada masyarakat Malaysia dalam menentukan hala tuju selari dengan perkembangan sains dan teknologi.

Along with this development, the present Faculty has broadened its programme with additional new programmes offered, especially the Engineering faculty which offers seven new programmes, i.e. Bachelor of Engineering in the field of chemistry, Aerospace, Process and Diet, Computer and Communication System, Biology and Agriculture, Electric and Electronic and Mechanical. The Faculty of Human Ecology offers new programme, i.e. Bachelor of Music. The discovery of these new programmes will be beneficial to the Malaysian society in determining its direction in correspond to the development of science and technology.

Various concepts have been introduced by UPM to coordinate educational programmes besides broadening the opportunities for all social strata to enhance their educational status. Therefore the UPM has introduced distance education in 1995 and furtherance to that the UPM has increased the student intake to enroll in such course totaling 453 students in 1996.

The intake through the second channel is a new way introduced to the public whereby the intake is based on working experience and not academic achievement. Staff of the industrial or private sector who have at least five years working experience are eligible to apply. Initially the UPM has enrolled 16 students through this channel to take up engineering programmes at the UPM.

VICE CHANCELLOR REPORT

LAPORAN NAIB CANSOLOR

Berbagai konsep telah diperkenalkan oleh UPM untuk menyelaraskan program-program pendidikan di samping memperluaskan peluang kepada semua peringkat masyarakat untuk meningkatkan tahap pendidikan. Sehubungan itu UPM telah memperkenalkan pendidikan jarak jauh pada tahun 1995 dan lanjutan dari itu, UPM telah meningkatkan pengambilan pelajar untuk mengikuti pendidikan melalui saluran tersebut seramai 453 orang pada tahun 1996.

Pengambilan melalui saluran kedua merupakan kaedah baru yang diperkenalkan kepada umum di mana membenarkan pengambilan dibuat berdasarkan pengalaman kerja dan bukannya tahap pencapaian prestasi akademik. Kakitangan-kakitangan di sektor industri atau swasta yang mempunyai pengalaman kerja sekurang-kurangnya lima tahun layak untuk memohonnya. Pada peringkat permulaan UPM telah mengambil seramai 16 orang pelajar melalui saluran kedua ini untuk mengikuti program-program kejuruteraan di UPM.

Kepekaan UPM terhadap pembangunan dan kemajuan sukan negara telah membuka ruang kepada ahli-ahli sukan negara untuk meningkatkan tahap pendidikan mereka melalui kemudahan-kemudahan pendidikan yang diperkenalkan oleh UPM. Sehubungan dengan itu satu MOU telah ditandatangani pada 22 Januari 1996 diantara UPM dengan Majlis Sukan Negara (MSN) dalam membentuk kerjasama untuk menjayakan program latihan ahli sukan secara sistematik dan saintifik.

The UPM concern towards development and progress of the nation's sports, has given our sportsman the opportunity to further their education through the educational facilities introduced by UPM. Therefore, an MOU was signed on 22nd January 1996 between the UPM and Majlis Sukan Negara (MSN) in forming a collaboration to enhance training programmes for sportsmen systematically and scientifically. Initially, a total of 17 sportsman under MSN training programme was enrolled to take up educational programmes at various level of studies in the UPM.

In an era towards corporatisation of universities, the UPM has taken initial steps to face the situation. The University Business Centre was formed to assist UPM to generate its financial sources. Its major function is to inculcate and strengthen synergy in between the UPM, public sector and private sector from the aspect of commercialising the University's research product. In tandem with that an Incubation Centre was set-up as a result of the cooperation between the UPM and Malaysian Technology Development Corporation (MTDC) to assist in the growth of technological industries which was developed by UPM scientists.

VICE CHANCELLOR REPORT

Pada peringkat permulaan, seramai 17 orang ahli sukan di bawah program latihan MSN telah diambil untuk mengikuti program pendidikan dalam berbagai peringkat pengajian di UPM.

Dalam era menuju pengkorporatan Universiti, UPM telah membuat persediaan - persediaan awal dalam menghadapi situasi tersebut. Pusat Pembangunan Perniagaan Universiti telah ditubuhkan bagi membantu UPM dalam menjana sumber kewangannya sendiri. Tugas utama Pusat Pembangunan Perniagaan Universiti ialah untuk memupuk serta memperkukuhkan sinergi di antara UPM, sektor awam dan sektor swasta dari segi mengkomersialkan hasil penyelidikan Universiti. Selaras dengan itu Pusat Inkubator (Incubation Centre) telah ditubuhkan hasil kerjasama diantara UPM dan Malaysian Technology Development Corporation (MTDC) bagi membantu dalam pertumbuhan industri berteknologi yang dibangunkan oleh ahli sains UPM.

Pada masa yang sama Institut Biosains ditubuhkan bertujuan untuk mengkoordinasikan, kolibrasi, serta menonjolkan penyelidikan UPM di mana di antara program-program yang terlibat ialah program perubatan, makanan, sumber dan pemuliharaan genetik, akuakultur, produk semulajadi, perhutanan dan pertanian. Institut ini merupakan satu platform untuk penyelidikan penting yang boleh menjana produk dan proses yang berfaedah untuk industri.

UPM juga mencatat sejarah baru dan merupakan universiti awam yang julung - julung kali dipertanggungjawabkan untuk memperkembangkan konsep Universiti Kolej di Malaysia. Kampus cawangan UPM di Terengganu telah dinaiktarafkan menjadi Universiti Kolej Terengganu.

At the same time, Bioscience Institute was formed to coordinate, collaborate, as well as to highlight UPM research in the field of Biology and Medical Science which was based as "Top and Down basis" in the Industrial and Agricultural Master Plan whereby among the programmes involved are medicine, agriculture, nature product and Precision Agriculture.

The UPM has also created history and the first public university to be responsible in developing a College University concept in Malaysia. The UPM branch campus in Terengganu has been upgraded to Terengganu College University. This College University will be autonomous in the aspect of finance and administration whereby it will practice administrative system separately so as to increase the university management effectiveness. The Faculty of Fisheries and Marine Science will be fully transferred under the management of Terengganu College University and a few new programmes were created to diversify study programmes there.

In its effort to continue the wish of the government to develop the field of cultures and arts as a strategic action to produce man who are able to contribute for social development; so UPM has formed the Sultan Salahuddin Abdul Aziz Shah cultural and Arts Centres.

This centre has a very wide function. Besides being used for academic activities such as examinations seminars, general talks and forums, this Centre is also used to mobilise co-curriculum activities which are based on the arts culture which encouraged among students and staff of the UPM. This centre also will be able to enhance the implementation of arts and cultural activities like holding a concert, theatre, drama, music and so on including exhibitions.

Universiti Kolej ini akan mempunyai autonomi dari segi kewangan dan pentadbirannya di mana ianya mengamalkan sistem pentadbiran secara berasingan bagi meningkatkan lagi keberkesanan pengurusan universiti. Fakulti Perikanan dan Sains Samudera secara keseluruhannya dipindahkan di bawah pengurusan Universiti Kolej Terengganu dan beberapa program baru diwujudkan bagi mempelbagaikan program pengajian di sana.

Dalam usaha meneruskan hasrat kerajaan untuk memajukan bidang kebudayaan dan kesenian sebagai satu tindakan strategik dalam usaha untuk melahirkan insan yang mampu memberi sumbangan secara menyeluruh untuk pembangunan masyarakat, maka UPM telah menubuhkan Pusat Kebudayaan dan Kesenian Sultan Salahuddin Abdul Aziz Shah. Pusat Kebudayaan dan Kesenian ini mempunyai fungsi yang luas. Selain digunakan untuk aktiviti bercorak akademik seperti dijadikan tempat peperiksaan, seminar, ceramah umum dan forum, Pusat ini juga akan digunakan untuk mempergiatkan aktiviti kokurikulum yang berteraskan kebudayaan dan kesenian yang sememangnya digalakkan di kalangan pelajar dan staf UPM. Pusat ini juga akan mampu memantapkan pelaksanaan aktiviti - aktiviti kebudayaan dan kesenian seperti mengadakan konsert, teater, drama, muzik dan sebagainya termasuklah pameran.

Lastly, I wish to record my highest acknowledgement to His Excellency Tun Dato' Seri (Dr.) Hj. Hamdan bin Sheikh Tahir, Chancellor of the University of Agriculture Malaysia and my thanks to Yang Amat Berbahagia Yang Berbahagia Pro-Chancellor, Council Chairman, Senate Members and the whole of UPM society for its support, cooperation and guidance rendered. Also a thousand thanks to the Federal Government especially Ministry of Education, the State Government of Selangor Darul Ehsan, corporate bodies, government agencies, industries and private sector for their assistance and cooperation during 1996.

Thank you.

PROGRAM BARU YANG DITAWARKAN

Mulai sesi 1996 - 97, Universiti telah menawarkan 12 program baru iaitu :

- Bachelor Muzik
- Bachelor Sains Bioindustri
- Bachelor Seni Bina Lanskap
- Bachelor Sains (Sains Perubatan)
- Bachelor Sains (Pengajian Pemakanan)
- Bachelor Kejuruteraan (Kimia)
- Bachelor Kejuruteraan (Aero Angkasa)
- Bachelor Kejuruteraan (Proses dan Makanan)
- Bachelor Kejuruteraan (Sistem Komputer dan Komunikasi)
- Bachelor Kejuruteraan (Biologi dan Pertanian)
- Bachelor Kejuruteraan (Elektrik dan Elektronik)
- Bachelor Kejuruteraan (Mekanikal)

Pada sesi ini juga, program - program Bachelor Sains Perikanan, Bachelor Sains (Sains Samudera) dan Diploma Perikanan telah dipindahkan ke Kampus Terengganu. Di samping itu Kampus Terengganu juga turut menawarkan program Bachelor Pendidikan (Bimbingan dan Kaunseling), Bachelor Sains (Kepujian) dan Bachelor Pentadbiran Perniagaan .

NEW PROGRAMMES OFFERED

Beginning the 1996-97 session, the university offered 12 new programmes, i.e.:

- Bachelor of Music*
- Bachelor of Bioindustrial Science*
- Bachelor of Landscape Architecture*
- Bachelor of Science (Medical Science)*
- Bachelor of Science (Diet Studies)*
- Bachelor of Engineering (Chemistry)*
- Bachelor of Engineering (Aerospace)*
- Bachelor of Engineering (Process and Food)*
- Bachelor of Engineering (Computer System and Communication)*
- Bachelor of Engineering (Biology and Agriculture)*
- Bachelor of Engineering (Electric and Electronic)*
- Bachelor of Engineering (Mechanical)*

Also during this session, programmes for Bachelor of Fishery Science, Bachelor of Science (Marine Science) and Diploma in Fishery have been transferred to the Terengganu Campus. Besides that the Terengganu Campus also offered programme for Bachelor of Education (Guidance and Counselling), Bachelor of Science (Hons.) and Bachelor Business Administration.

PENGAMBILAN PELAJAR

Pada sesi 1996, Universiti Pertanian Malaysia telah membuat pengambilan pelajar seramai 9,755 orang pelajar baru bagi mengikuti pelbagai program pengajian. Pengambilan bagi sesi Julai 1996 ialah 8,301 pelajar dan semester Disember seramai 1,454 pelajar dimana menunjukkan peningkatan sebanyak 34 peratus berbanding tahun 1995. Pecahan Pengambilan mengikut peringkat pengajian adalah seperti di Jadual 2.

STUDENT INTAKE

In the 1996 session, the UPM has an intake of 9,755 new students to pursue various study programmes. The intake for the July 1996 session was 8,301 students and the December semester 1,454 students where it shows an increase of 34 percent compared to 1995. Seramai 17 orang atlit MSN telah diambil untuk mengikuti program-program pengajian di UPM melalui Memorandum Persefahaman yang ditandatangani di antara UPM dan Majlis Sukan Negara (MSN). Calon - calon tersebut telah diterima masuk ke program Diploma dan Matrikulasi di UPM. Program Pendidikan Jarak Jauh yang mula ditawarkan pada sesi

ini bagi Program Bacelor Pendidikan (Bimbingan dan Kaunseling), Bacelor Pendidikan (PBMP) dan Bacelor Pendidikan (TESL) telah memulakan pengambilan kumpulan pertama seramai 453 orang. Sementara pengambilan pelajar melalui kemasukan saluran kedua Program Bacelor Kejuruteraan (Awam, Aero Angkasa, Biologi dan Pertanian, Elektrik dan Elektronik, Mekanikal dan Sistem Komputer dan Komunikasi) adalah seramai 16 orang.

A total of 17 National Sports Council athletes were enrolled to pursue study programmes at the UPM through the MOU which was signed between the UPM and NSC. The said candidates were accepted to the Diploma and Matriculation programmes at the UPM. The Distance Learning Programme which was first offered during this session for the Bachelor of Education (Guidance and Counselling), Bachelor of Education (PBMP) and Bachelor of Education (TESL) programmes began the intake of the first group of 453 students. The student intake through the second channel for the Bachelor of Engineering (Civil, Aerospace, Biology and Agriculture, Electric and Electronic, Mechanical and Computer System and Communication) was 16 students.

AKTIVITI PELAJAR

KOKURIKULUM

Aktiviti kokurikulum adalah pelengkap kepada proses pendidikan dan pembelajaran yang berterusan ke arah memperkembangkan potensi individu untuk mewujudkan insan yang seimbang dan harmonis dari segi intelek, rohani, emosi dan jasmaniah. UPM telah menyediakan pentas kokurikulum secara meluas kepada mahasiswa melalui pelbagai aktiviti yang dirancang dan berstruktur yang lazimnya dilaksanakan di luar dewan kuliah. Terdapat prasarana kokurikulum yang mencukupi bagi membolehkan mahasiswa bergerak aktif dan mampu lahir sebagai insan yang cemerlang. Kepentingan kokurikulum yang semakin dituntut mutakhir ini memberi cabaran kepada UPM untuk mempelbagaikan aktiviti melalui perancangan yang tersusun. Secara umum terdapat tidak kurang 56 persatuan, kelab dan badan-badan berunifom di UPM yang memberi peluang kepada mahasiswa untuk mengasah daya kepimpinan, pengurusan organisasi dan pembentukan sahsiah diri.

STUDENT ACTIVITIES

COCURRICULUM

Cocurriculum activities are complementary to a continuous educational and learning process towards the expansion of individual potential in creating a balanced and harmonious human being from the intellectual, spiritual emotional and physical aspects. The UPM has provided a very wide cocurriculum stage for students through various activities which are planned and structured that normally implemented outside the lecture hall. There are enough cocurriculum infrastructure that enable undergraduates to move actively and able to become an excellent human being. The importance of cocurriculum which is being sought after, today is a challenge to UPM to diversity its activities through well arranged planning. Generally, there are 56 associations, clubs and unfor bodies at the UPM which gave the undergraduates the opportunities to sharpen their ability to lead, manage organisation and to create self-discipline.

Atas dasar kokurikulum sebagai aktiviti yang terancang dan berstruktur di luar bidang akademik dan disertai oleh mahasiswa bagi penyuburan dan pengkayaan sendiri yang sempurna ke arah pertumbuhan menyeluruh mahasiswa, maka pelbagai program kokurikulum dianjurkan. Di antara aktiviti kokurikulum yang sering menjadi perhatian mahasiswa adalah kepemimpinan, perkhemahan, seminar, perdebatan, pidato, forum, bengkel, khidmat masyarakat, aktiviti-aktiviti kebudayaan, lawatan - lawatan pembelajaran di dalam dan luar negeri, kegiatan sukan dan sebagainya. Aktiviti-aktiviti besar yang dianjurkan oleh pelajar sepanjang tahun 1996 ialah seperti Eksplorasi Minda Rakyat: Jejak 15 Tahun Mahathir, Aktiviti Serdang Indah, Simposium Kebangsaan dan Kemanusiaan Peringkat Kebangsaan.

Pada tahun 1996 juga menyaksikan buat kali pertamanya UPM mengadakan Majlis Pengijazahan Aktiviti Kokurikulum di mana anugerah diberikan kepada pelajar-pelajar yang bergerak aktif dan cemerlang dalam bidang kokurikulum dan akademik di Universiti dengan harapan, aktiviti kokurikulum di UPM akan terus diberi perhatian bagi melahirkan siswazah yang seimbang dan syumul bagi memenuhi aspirasi dan wawasan negara terutamanya menjelang abad ke 21 dan dapat menterjemah alam intelektual secara tepat dan berupaya memberikan sumbangan kepada kemajuan masyarakat dan negara dengan lebih berkesan.

Based on the cocurriculum as a planned and structured activity outside the academic field and participated by the undergraduates perfect for self growth and enrichment towards all round development of an undergraduate, so various cocurriculum programmes were organised. Among the cocurriculum activities which attract the attention of undergraduates are leadership, camping, seminar, debate, oration, forum, workshop, community service, cultural activities, study tours in or outside the country, sports activities and others. The large scale activities organised by students in 1996 were Exploration of the Mind of Rakyat: 15 Years Trail of Mahathir, Serdang Sentification Activity, National Symposium and National Level Humanities.

In 1996 also witnessed for the first time the UPM held on occasion conferring Cocurriculum Activity Degree where awards were given to students who are active and excellent in cocurriculum and academic fields in the University with the hope that cocurriculum activities in the UPM would continue to be given attention so as to produce a balanced and whole graduate to fulfill the national aspiration and vision especially by the 21st century and able to translate the intellectual universe precisely and able to contribute to the progress of the community and nation more effectively.

Unit Kaunseling dan Kerjaya

Unit Kaunseling dan Kerjaya, UPM memainkan peranan dalam membantu pelajar dari segi menyediakan khidmat nasihat bagi pelajar-pelajar yang menghadapi masalah di samping menganjurkan aktiviti-aktiviti kerjaya seperti Bengkal Menulis Resume, Bengkel Cara Menghadapi Temuduga, Bengkel Etika Sosial, Sesi Kaunseling dan menganjurkan Minggu Kerjaya di UPM.

Pada tahun 1996 seramai 327 pelajar telah mendapatkan khidmat kaunseling berbanding 259 pelajar pada 1995 di mana menunjukkan peningkatan sebanyak 26 peratus. Pelajar perempuan lebih ramai mendapatkan khidmat kaunseling berbanding lelaki iaitu seramai 229 orang berbanding 98 orang dan dari segi bangsa pula, Bangsa Melayu seramai 258 orang, Cina 49 orang, India 12 orang dan lain-lain 8 orang. Di antara masalah utama yang dihadapi ialah dari segi masalah peribadi, pengajian dan kerjaya. Jadual 6 menunjukkan kategori masalah yang dihadapi oleh pelajar-pelajar UPM pada tahun 1996.

Counselling and Career Unit

The UPM Counselling Career Unit played an important role in helping students by providing advisory service for students who are facing problems besides organising career activities such as Resume Writing Workshop, How To Face Interview Workshop, Social Ethics Workshop, Counselling Session and organising Career Week at the UPM.

In 1996, a total of 327 students received counselling service compared to 259 students in 1995, an increase of 26 percent, more female students compared to male students received counselling service, i.e. 229 against 98 male students and from the racial aspect, 258 Malays, 49 Chinese, 12 Indians and others 8. Among the major problems faced are personal, faced by the UPM students in 1996.

Jadual 6 menunjukkan peningkatan bilangan kes bagi tahun 1996 berbanding 1995 sebanyak 60 peratus. Ini adalah disebabkan oleh pertambahan dalam pengambilan pelajar pelajar bagi tahun 1996. Daripada laporan yang diperolehi menunjukkan bahawa hanya 3 peratus daripada jumlah pelajar UPM yang melaporkan kepada Unit Kaunseling mengenai masalah mereka.

Table 6 shows the increment in the member of cases in 1996 compared to 1995 totaling 60 percent. This is because of the additional member of students for 1996. From the report received, it showed that only 3 percent of the total member of UPM students who reported to the Counselling Unit Regarding their problems.

Unit Kebudayaan

Unit Kebudayaan berperanan mengendalikan segala aktiviti kebudayaan pelajar. Antara aktiviti kebudayaan pelajar yang terdapat di UPM ialah Seni mempertahankan diri, Caklempong, Kelab Nahwan Nur, Seni Tari, Pancaragam, Kompong, Nasyid, Residen Band, Dikir Barat, Seni Silat Gayung, Silat Cekak, Silat Lincah, Shito Ryu Karate Do dan Tae Kwando. Aktiviti - aktiviti tersebut merupakan aktiviti kokurikulum bagi pelajar dan dijalankan 3 jam seminggu setiap hari Rabu.

Cultural Unit

The function of the Cultural Unit was to organise all student cultural activities. Among the student cultural activities at the UPM were of self defense, caklempong, Nahwan Nur Club, dances, Kompong band, Resident band, nasyid, Dikir barat, Shito Ryu Karate Do, Seni Silat Gayung, Silat Cekak, Silat Lincah and Tae Kwando. These activities are cocurriculum activities for students and were held 3 hours a week every Wednesday.

Unit Kebajikan

Unit Kebajikan meliputi aktiviti seperti perkhidmatan menjaga kepentingan dan kebajikan pelajar dan aktiviti agama Islam. Antara aktiviti yang telah dijalankan ialah melawat para pesakit di hospital, menguruskan jenazah pelajar yang meninggal dunia, menguruskan bantuan Tabung Kebajikan Pelajar yang ditimpa musibah, mengadakan kelas agama Islam yang meliputi kelas Fardhu Ain, Tajwid dan ceramah umum, mengadakan kursus dan bengkel khas mengenai agama Islam seperti kursus Mengendalikan Jenazah dan Kursus Menguruskan Persatuan Mengikut Protokol Islam.

Welfare Unit

The welfare unit incorporates activities such as service looking after the interest and welfare of students and Islamic religion activities. Among the activities which were carried out were visiting the sick in hospitals, managing the body of dead student, managing the Student Welfare Fund for aids to students victims, holding Islamic religion Course covering Fardhu Ain, Tajwid and general talk, holding special courses and workshops regarding Islamic religion such as courses in handling corpses and courses in handling associations according to Islamic protocol.

Unit Sukan

Unit Sukan memainkan peranan dalam melahirkan ahli sukan yang berkaliber serta menganjurkan aktiviti - aktiviti sukan di universiti. UPM telah menjadi tuan rumah dalam Kejohanan Sukan Staf kali ke 22 pada tahun 1996. Sebanyak 9 buah universiti di Malaysia dan ITM telah mengambil bahagian dalam kejohanan tersebut. Antara acara yang dipertandingkan ialah Bolasepak, Bolajaring, Tennis, Badminton, Hoki 6 sebelah, Bolatampar, Skuasy, Catur, Karom dan Sepak takraw. UPM telah menjuarai dalam acara Bolajaring dan Hoki 6 sebelah dan Naib Johan dalam acara Bolasepak (Senior). Sebagai menghargai sumbangan pelajar UPM untuk memajukan sukan di peringkat universiti dan negara, UPM telah mengadakan Majlis Anugerah Sukan pada setiap tahun.

Sports Unit

The sports unit played the role of producing sportsman of great calibre as well as organising sports activities in the University. In 1996 the UPM hosted the 22nd Staff Sports Championship. A total of 9 universities in Malaysia and ITM took part in the championship. Among the games contested were Football, Netball, Tennis, Badminton, Six-a-side Hockey, Volleyball, Squash, Chest, Carom and Sepak takraw. The UPM became the champion the netball and six-a-side Hockey and runners-up in Football (senior). In recognition of the UPM student contribution to enhance sports in the University and country, the UPM hold the Sports Award Event every year.

Pusat Kesihatan Pelajar

Pada tahun 1996, Pusat Kesihatan Pelajar menerima seramai 42,141 pesakit. Dari jumlah tersebut, Klinik Perubatan menerima seramai 36,245 kedatangan pesakit manakala Klinik Pergigian menerima seramai 5,896 kedatangan pesakit. Punca utama kedatangan para pesakit ialah penyakit respiratori, penyakit kulit, kecederaan, penyakit urat saraf dan penyakit sistem pemakanan. Pusat ini juga telah melakukan sebanyak 145 pembedahan kecil. Seramai 361 pesakit telah dirujuk ke hospital-hospital dan seramai 59 pesakit telah dimasukkan ke dalam wad. Manakla seramai 48 pesakit telah dimasukkan ke dalam wad Pusat Kesihatan Pelajar kerana mengidap penyakit berjangkit.

Student Health Centre

In 1996, the Student Health Centre received 42,141 patients. Out of the total number, the Medical Clinic received 36,245 patients while the Dental clinic received 5,896 patients. The main reason for the visit was respiratory sickness, skin problem, injuries, menology complaints and digentine system upsets. This centre has also carried out 145 minor surgeries. 361 patients were referred to hospitals and 59 patients were warded. 48 patients were warded at the Student Health Centre for contagions disease.

Biasiswa/ Scholarship

Pada tahun 1996 Bahagian Hal Ehwal Pelajar telah mengendalikan permohonan untuk mendapatkan Biasiswa dan Pinjaman bagi pelajar baru dan lama. Antara penganjur biasiswa dan pinjaman pelajar ialah Jabatan Perkhidmatan Awam, MARA, Kementerian Pendidikan Malaysia, Kerajaan Negeri, Yayasan Negeri dan Penganjur-penganjur Sektor Swasta dan Korporat. Bilangan pelajar mengikut penajaan atau sumber kewangan pada keseluruhannya adalah seperti di jadual 7.

In 1996, Student Affairs Division handled applications for Scholarship and loan for new and old students. Among the sponsors for student scholarship and loan were Public Services Department, MARA, Education Ministry of Malaysia, State Governments, State Foundations, sponsors from the Private and Corporate Sectors. The member of students according to sponsorship or financial sources are as in Table 7.

KOLEJ KEDIAMAN

Sesi 96/97 menyaksikan pengambilan pelajar paling tinggi yang pernah dibuat oleh UPM iaitu seramai 9,755 orang, manakala enrolmen pelajar pula ialah seramai 17,864 pada tahun 1996 telah memberikan cabaran yang besar kepada pengurusan Universiti. Sembilan buah kolej yang terdapat di UPM hanya boleh menampung pelajar seramai 7,000 orang sahaja dan selebihnya terpaksa tinggal di luar. Dua buah kolej yang dalam pembinaan iaitu Kolej ke-10 dan Kolej ke-11 dijangkakan dapat menampung pelajar seramai 4,000 orang. Masalah tempat tinggal yang meruncing bagi pelajar ini diatasi oleh universiti dengan menjadikan rumah kediaman kakitangan sebagai rumah untuk pelajar bagi menampung kekurangan tempat kediaman pelajar.

RESIDENTIAL COLLEGE

The 96/97 session saw the highest student intake by UPM, i.e. an total of 9,755 students while the enrolment was 17,864. This was a great challenge to the management of the University. The nine colleges in the UPM can only accommodate 7000 students and the rest have to stay outside. Two colleges in the process of construction, i.e. the 10th and 11th colleges were expected to accommodate 4,000 students. The acute shortage of student accommodation was overcome by the University by converting staff institutions into houses for students.

PENYELIDIKAN DAN ANUGERAH

RESEARCH AND AWARDS

PENYELIDIKAN

Mulai tahun 1996, pembiayaan projek penyelidikan di bawah mekanisma IRPA (Intensification of Research in Priority Areas) adalah berasaskan setiap projek yang diluluskan. Sebanyak 294 projek penyelidikan telah diluluskan dengan peruntukan diterima sebanyak RM 26.7 juta. Selain IRPA, melalui Kementerian Sains, Teknologi dan Alam Sekitar, UPM menerima peruntukan sebanyak RM 2 juta bagi membiayai projek-projek jangka pendek. Sebanyak 202 projek jangka pendek dalam pelbagai bidang kajian

telah dilaksanakan. Pecahan peruntukan IRPA bagi tahun 1996 mengikut 11 sektor adalah seperti di Jadual 8.

RESEARCH

Beginning 1996, research project grant under the Intensification of Research in Priority Areas (IRPA) is based on every approved project. 294 research projects were approved with RM26.7 million allocation received. Besides IRPA, through Ministry of Science, Technology and Environment, the UPM received an allocation of RM2 million to sponsor short term projects. 202 short term projects in various field of studies were carried out. The IRPA allocation breakdown for 1996 according to 11 sectors are as in Table 8.

ANUGERAH

Universiti Pertanian Malaysia amat menitikberatkan bidang pendidikan, penyelidikan dan pembangunan teknologi maklumat. Oleh yang demikian UPM juga telah menerima beberapa anugerah di atas kecemerlangannya dalam penyelidikan, teknologi maklumat, penulisan, pengurusan, rekacipta dan inovasi. Anugerah - anugerah tersebut ialah :

- a) *Peringkat Institusi*
 - i. Anugerah Majlis Penyelidikan dan Kemajuan Sains Negara (MPKSN) di atas kecemerlangan dalam bidang penyelidikan dan kemajuan sains.

AWARDS

Universiti Pertanian Malaysia has emphasized the educational, research and information technology development fields. As a result, UPM has also received a number of awards for excellence in research, information technology, writings, management, designing and innovation. The awards received are as follows:

Institution Level

- i. *The Science Research and Development Council Award for excellence in the research and development of Science.*

RESEARCH AND AWARDS

PENYELIDIKAN DAN ANUGERAH

ii. *Anugerah Pencapaian Inovasi* di atas penemuan baru dalam proses mempulpa gentian kelapa sawit dari Kementerian Pembangunan Usahawan di mana hasil daripada penemuan tersebut telah membolehkan gentian kelapa sawit diproses secara mekanikal untuk dijadikan pulpa dalam pengeluaran kertas.

iii. *Anugerah Khas Perkhidmatan Awam (Pengurusan Teknologi Maklumat 1996)* dari Unit Pemodenan Tadbiran Malaysia (MAMPU) di atas kecemerlangan dalam bidang pengurusan teknologi maklumat.

iv. UPM juga mencipta nama dalam pertandingan "*Multimedia Asia 1996*" dengan mendapat tempat kedua melalui persembahan multimedia yang bertajuk "*Sejarah Diimbangi Jasa Dikenang*". Kejayaan UPM adalah hasil kreativiti Cyber Creative Lab, UPM dan 15 orang pelajar Kejuruteraan Elektronik, Fakulti Kejuruteraan, UPM dalam membangunkan multimedia tersebut.

b) *Peringkat Individu*

i. *Anugerah Perekacipta Negara 1996* yang diterima oleh Dr. Mansor Hashim dari Jabatan Fizik, Fakulti Sains dan Pengajian Alam Sekitar melalui ciptaannya yang bertajuk "*Kajian Formula Induk Penjana Ferit Lembut*" yang mampu memenuhi keperluan industri elektronik dan mempunyai potensi besar untuk tujuan komersialisasi.

ii. *Innovation Achievement Award* for new discoveries in the process of pulping oil palm fibers from the Ministry of Entrepreneur Development, whereby as a result of the discovery, oil palm fibers can be processed mechanically to produce pulp in the manufacture of paper.

iii. A Special Award by the Public Services Department (the Management of Information Technology 1996) from the Malaysian Administrative and Modernization Unit (MAMPU) for excellence in the management of Information Technology.

iv. UPM made a name for itself in the competition '*Asian Multimedia 1996*' when it became runner-up for its multimedia presentation entitled '*History Unveiled, Deeds Remembered*'. UPM's success was the creative brain wave of the Cyber Creative Lab UPM and 15 Electronic Engineering students from the Faculty of Engineering, UPM who developed the multimedia.

Individual Level

i. *The National Inventor Award* which was received by Dr. Mansor Hashim from the Physics Department, Science and Environmental Studies Faculty for his invention entitled '*The study of Soft Ferrite Main Generator Formula*' which will be able to fulfill the needs of industrial electronics and has a big potential for commercial purposes.

PENYELIDIKAN DAN ANUGERAH

RESEARCH AND AWARDS

- ii. *Anugerah Saintis Muda 1996* yang diterima oleh Prof. Madya Dr. Hamdan Suhaimi dari Jabatan Kimia, Fakulti Sains dan Pengajian Alam Sekitar melalui kajian beliau mengenai "Sistem Ejen Aktif Permukaan".
 - iii. Tiga orang pegawai akademik dari UPM juga berjaya memenangi *dua pingat emas dan satu gangsa dalam pertandingan rekacipta MINDEX / INOTEC '96'*. Pemenang pingat emas ialah En. Badlishah Sham Bahrin dari Jabatan Bioteknologi dengan penyelidikan bertajuk "Recovery of Carotene From Crude Palm Oil" dan Dr. Rusly Abd. Rahman dari Jabatan Teknologi Makanan, Fakulti Sains Makanan dan Bioteknologi dengan rekacipta mengenai "A Moulding Device For Skewering Meat and Other Food Product". Pemenang pingat gangsa pula ialah Dr. Abdul Manan Mat Jais dari Fakulti Bioperubatan dan Sains Kesihatan dengan projek beliau mengenai "Haruan: Biomedical Product For Skin Diseases".
 - iv. Dr. Mat Rofa Ismail dari Jabatan Matematik, Fakulti Sains dan Pengajian Alam Sekitar telah memenangi *Hadiah Utama Bahasa tahun 1996* melalui bukunya yang bertajuk "Sejarah Aritmetik dan Aljabar Islam" yang dianjurkan oleh Persatuan Linguistik Malaysia dan Public Bank Berhad.
 - v. Majlis Buku Kebangsaan telah memilih Puan Kamariah Mohd. Sidin, pegawai penerbitan dari Bahagian Penerbit UPM sebagai "Editor terbaik - Anugerah Buku Kebangsaan" melalui buku suntingan beliau berjudul Sejarah Aritmetik dan Aljabar Islam karya Dr. Mat Rofa Ismail.
- ii. *The Young Scientist Award 1996* which was received by Assoc. Prof. Dr. Hamdan Suhaimi from the Chemistry Department, the Science and Environmental Studies Faculty for his research on 'Active Surfactant System'.
 - iii. *Three academic staff from UPM also succeeded in winning two gold and one bronze medals in the invention competition MINDEX/INOTEC '96'. The winners of the gold medals are Mr. Badlishah Sham Bahrin from the Biotechnology Department with his research entitled 'Recovery of Carotene from Crude Palm Oil' and Dr. Rusly Abd. Rahman from the Food Technology Department, the Faculty of Food Science and Biotechnology with his invention 'A Moulding Device for Skewering Meat and other Food Product'. The winner of the bronze medal is Dr. Abdul Manan Mat Jais from the Faculty of Biomedicine and Health Science with his project: 'Haruan: Biomedical Product for Skin Diseases'.*
 - iv. *Dr. Mat Rofa Ismail from the Mathematics Department, Faculty of Science and Environmental Studies won the Malay Language Award 1996 for his book entitled 'The History of Islamic Arithmetic and Alphabet', sponsored by Malaysia's Linguistic Association and Public Bank Berhad.*
 - v. *The National Book Council selected Mrs. Kamariah Mohd. Sidin, the publication officer from the Publishing Section as 'Best Editor - National Book Council Award' for her editing of the book 'The History of Islamic Arithmetic and Alphabet'*

Perlantikan dan Kenaikan Pangkat

Seramai 201 orang telah dilantik untuk mengisi jawatan kosong yang terdiri dari 168 orang ke jawatan dalam kumpulan Pengurusan dan Profesional, manakala 33 orang ke jawatan dalam Kumpulan Sokongan. Perlantikan ke jawatan baru ini terdiri dari jawatan yang bertaraf tetap, kontrak dan sementara berdasarkan kekosongan menggantikan semula ke jawatan baru dalam skim perkhidmatan yang lain .

Dalam urusan kenaikan pangkat seramai 22 orang Pensyarah dinaikkan pangkat ke jawatan Profesor Madya (Gred DS1) dan 6 orang ke jawatan Professor (Gred VK7),. Bagi Kumpulan Sokongan pula, seramai 2 orang dinaikkan pangkat dalam skim perkhidmatan yang sama .

Appointment and Promotion

201 People were appointed to fill various vacancies 168 were appointed to posts in the Management and Professional Group, 33 were appointed as Supporting Staff. The appointments for the new posts which are made up of permanent, contract and temporary posts are based on vacancies to fill the new posts in a different service scheme.

In the promotion exercise, 22 Lecturers were promoted to Associate Professors (Grade DS1) and 6 to the position of Professor (Grade VK7). In the Supporting Staff group, 2 were promoted in the same scheme.

Perletakan Jawatan dan Persaraan

Seramai 32 orang staf Universiti Pertanian Malaysia telah meletak jawatan. Mereka terdiri dari 43 orang dalam Kumpulan Pengurusan dan Profesional dan 39 orang dalam Kumpulan Sokongan. Kebanyakan perletakan jawatan ini disebabkan mendapat tawaran pekerjaan baru di organisasi lain.

Di bawah peruntukan pencen bagi pekerja-pekerja dalam pihak-pihak berkuasa, berkanun dan tempatan, seramai 52 orang staf Universiti Pertanian Malaysia telah bersara dari perkhidmatan masing-masing, iaitu 16 orang dalam Kumpulan Pengurusan dan Profesional, manakala 36 orang dalam Kumpulan Sokongan.

Latihan

Di bawah program pembangunan profesionalisma akademik yang dikendalikan oleh Jabatan Pendaftar, seramai 14 orang tenaga pengajar telah diluluskan cuti belajar melanjutkan pelajaran program sarjana dan 43 orang lagi mengikuti program Ph.D dan seramai 25 orang Pensyarah diluluskan cuti sabbatikal. Di samping itu seramai 6 orang dari Kumpulan Sokongan telah diluluskan menjalani cuti belajar separuh gaji/ tanpa gaji.

Perkhidmatan Cemerlang

Majlis Penyampaian Anugerah Cemerlang telah diadakan pada 13 Julai 1996 dimana Y. Bhg. Naib Canselor telah menyampaikan Anugerah tersebut kepada 169 orang staf Universiti Pertanian Malaysia. Majlis Anugerah Cemerlang yang diadakan setiap tahun ini merupakan salah satu cara bagi universiti memberikan penghargaan kepada kakitangan yang dapat membentuk kecemerlangan diri di samping membantu universiti sama ada dari segi pentadbiran, pendidikan dan pembangunan.

Resignations and Pensions

32 University Pertanian's staff resigned i.e. 42 from the Management and Professional Group and 39 from the Supporting Staff Group. Most of the resignations were due to offers of new jobs from other organizations.

Under the pension scheme for employees in statutory bodies, 52 University Pertanian Staff were pensioned from their respective services, i.e. 16 from the Management and Professional Group and 36 from the Supporting Staff group.

Training

Under the academic professionalism development programme managed by the Registrar Department, 14 teaching staff were approved for study leave to take masters programmes, 43 took the Ph.D programme and 25 Lecturers were granted sabbatical leave. In addition, 6 from the Supporting Staff group went on study leave at half pay or without pay.

Excellent Service

The Excellent Service Award Presentation Ceremony was held on 13th July 1996 where the Hon. Vice-Chancellor presented the awards to 169 staff of University Pertanian Malaysia. This ceremony is held yearly as a way of paying tribute to members of the staff who achieved excellence for themselves as well as for the university, in administration, education and development.

Pusat Pengajian Siswazah

Dengan kepakaran dan infrastruktur yang ada, UPM mampu mengeluarkan siswazah yang mahir serta pakar dalam pelbagai bidang pengkhususan. Pusat Pengajian Siswazah berkerjasama rapat dengan pihak industri swasta dan awam untuk bersama-sama berkongsi kepakaran untuk melahirkan siswazah yang dapat memenuhi keperluan pasaran pekerjaan.

Pada tahun 1996, Pusat Pengajian Siswazah telah mengambil bahagian dalam "Kuala Lumpur Post-Graduate Fair 1996" di Pusat Perdagangan Dunia Putra, Kuala Lumpur dari 15 November, 1996 hingga 17 November, 1996 bagi tujuan memperkenalkan pelbagai bidang pendidikan kepada umum untuk menggalakkan masyarakat mempertingkatkan dan memperkembangkan bidang - bidang pendidikan tertentu.

Pada akhir sesi 1996 seramai 173 orang pelajar telah bergraduasi dan dianugerahkan ijazah masing-masing. Pecahan bilangan siswazah mengikut peringkat pengajian adalah seperti Doktor Falsafah (Ph.D) seramai 17 orang, Master Sains (M.S.) seramai 78 orang, Master Sains Pertanian (M.S. Pert) seramai 8 orang, Master Pentadbiran Perniagaan (MBA) seramai 15 orang, Master Pengurusan (M.M.) seramai 33 orang dan Master Perubatan Veterinar (MVM) seramai 2 orang.

Graduate School

With the existing expertise and infrastructure, UPM is capable of producing skilled graduates as well as experts in various fields of specialization. The Graduate School works closely with the public and private industrial sectors in sharing expertise to produce graduates who are able to fulfill the demands of the job market.

In 1996, the Graduate School took part in the 'Kuala Lumpur Post-Graduate Fair 1996 at Putra World Trade Centre, Kuala Lumpur from 15th November 1996 to 17th November 1996 with the objective of introducing various educational fields to the public to encourage the society to improve and develop these educational fields.

At the end of the 1996 session, 173 students graduated and were conferred their respective degrees. The breakdown of the number of graduates according to the level of study such as Doctor of Philosophy (Ph.D) - 17, Master of Science (M.S) - 78, Master of Agricultural Science (M.A.S) - 8, Master of Business Administration (MBA) - 15, Master of Management (M.M) - 33 and Master of Veterinary Medicine (MVM)- 2.

**Institut Pembelajaran Dan
Pendidikan Jarak Jauh (IDEA)**

Sejajar dengan arahan daripada Kementerian Pendidikan Malaysia supaya semua Institusi Pengajian Tinggi menawarkan program Pendidikan Jarak Jauh (PJJ), UPM telah membuat penyusunan semula pengendalian PJJ dan diberi nama baru iaitu "Institute for Distance Education and Learning" atau Institut Pembelajaran dan Pendidikan Jarak Jauh (IDEAL).

Di antara peranan - peranan IDEAL ialah :

- i. Membuka peluang kepada rakyat Malaysia terutamanya golongan yang bekerja mengikuti pendidikan di peringkat pengajian tinggi secara jarak jauh bagi mereka yang tidak mempunyai peluang tersebut selepas tamat persekolahan.
- ii. Menjalankan aktiviti - aktiviti pendidikan lanjutan di atas permintaan organisasi-organisasi yang ingin mempertingkatkan pengetahuan dan kemahiran anggota mereka yang di dalam perkhidmatan.
- iii. Menjalankan aktiviti - aktiviti latihan dan kursus untuk ditawarkan dan dipasarkan kepada orang awam.
- iv. Menyediakan khidmat sokongan dalam bentuk penginapan, sajian makanan, penyediaan bilik -bilik bengkel dan dewan persidangan bagi aktiviti PJJ dan pendidikan lanjutan.

***Institute of Distance Education
and Learning (IDEAL)***

In line with the Education Ministry's direction that all Institutions of Higher Learning offer Distance- Learning programmes, UPM has restructured its management and gave it a new name i.e. Institute for Distance Education and Learning (IDEAL).

Its roles include:

- i. Provide opportunities to the people of Malaysia, especially those who are working to undergo higher education via distance-learning as they did not have the chance to do so after their schooling.*
- ii. Carry out advanced education activities on request by organisations wishing to improve the knowledge and skills of members of their staff.*
- iii. Carry out training activities and courses that will be offered and marketed to the public.*
- iv. Provide supporting services in the form of lodging, meals, workshop rooms and conference halls for distance-learning and advanced education activities.*

Pusat Islam

Selaras dengan misi UPM, iaitu untuk menjadi Pusat Pembelajaran dan Penyelidikan yang ulung, Pusat Islam juga beriltizam untuk menjadi Pusat Kegiatan Pendidikan Kerohanian bagi pelajar, pegawai dan masyarakat setempat yang berkesan. Pada tahun 1996 Pusat Islam telah mempelbagaikan kegiatannya dan melaksanakan kegiatan tersebut secara menyeluruh kepada semua golongan masyarakat dari berbagai peringkat umur. Aktiviti-aktiviti yang dijalankan adalah berbentuk sosial, kebajikan, pendidikan, akademik dan kemasyarakatan. Di antara aktiviti yang telah diadakan sepanjang tahun 1996 ialah seperti mengadakan kelas-kelas Mingguan, Wacana Intelektual, Perkhidmatan Kaunseling, Syarahan, Ceramah dan sebagainya.

Pusat Islam juga telah berpindah ke bangunan baru iaitu di sebelah Masjid UPM di mana berbagai-bagai kemudahan disediakan termasuklah kemudahan kediaman kepada kakitangan Masjid, Tadika Antarabangsa untuk anak-anak kakitangan UPM dan Kantin. Dengan terbinanya bangunan Pusat Islam ini dijangka dapat memberikan kemudahan kepada masyarakat dalam dan luar UPM demi mempertingkatkan perkembangan syiar Islam

Fakulti Kedokteran Veterinar Dan Sains Peternakan

Kepesatan perkembangan ekonomi kebelakangan ini meningkatkan lagi keperluan Veterinarawan di sektor swasta.

Islamic Centre

In line with UPM's mission to become a foremost Centre for Learning and Research, the Islamic Centre is also determined to become an effective Centre of Spiritual Education activities for students, staff and the local community. In 1996 the Islamic Centre diversified its activities and carried out these activities comprehensively at all levels of society and for all ages. The activities that were carried out were of a social, welfare, educational, academic and civic nature.

The Faculty of Veterinary Medicine and Animal Science

The recent rapid economic growth has increased the need for veterinarians in the public sector. This is in accordance with the Faculty's objective, i.e. to contribute effectively towards producing practitioners of veterinary medicine and those involved in this field in the public and private sectors. The Faculty is situated on an area of 51000 square feet and equipped with 4 student laboratories, 3 lecture halls, 2 meat science laboratories and an analysis laboratory for nutrition and agrostology.

The Faculty has several departments and units such as Animal Science, Pathology and Veterinary Microbiology Department, Veterinary Clinical Studies Department, the University's Electron Microscopy Unit and Centre for Animal Breeding and Study of Tropical Diseases (CENTRAS).

Fakulti ini mempunyai tiga Jabatan dan beberapa unit seperti Jabatan Sains Peternakan, Jabatan Patologi dan Mikrobiologi Veterinar, Jabatan Pengajian Klinikal Veterinar, Unit Mikroskopi Elektron Universiti dan Pusat Ternakan Haiwan dan Kajian Penyakit Tropika (CENTRAS).

Fakulti Perhutanan

Fakulti ini telah ditubuhkan pada tahun 1971 dan mempunyai 3 fungsi asas yang utama iaitu pendidikan, penyelidikan dan pengembangan. Fakulti ini menawarkan kursus - kursus dalam bidang perhutanan peringkat profesional dan separa profesional. Penyelidikan-penyelidikan yang dijalankan sepanjang tahun pula bertujuan untuk memberi kesedaran dan penghayatan serta memupuk sikap positif masyarakat terhadap nilai hutan dan proses pembangunan hutan.

The Faculty Of Forestry

This Faculty was established in 1971 and has 3 basic functions, the main ones being education, research and development. The Faculty offers courses in forestry at the professional and semi professional levels. The purpose of the research carried out throughout the year is to create an awareness and understanding as well as fostering a positive attitude in society towards the value of forests and the process of forest development.

To provide professional staff for a variety of forestry bodies and other organizations related to the forestry industry in Malaysia, a forestry programme was created which confers the Bachelor of Forestry Science in three specializations, i.e. Management of Forests, Wood Industries and Management of Parks and Recreation.

On 7th October 1996 an agreement was signed between UPM and the Selangor State government whereby the state government awarded a forest reserve in Air Hitam, Puchong to UPM for a period of 80 years as an area for research,

Bagi menyediakan pegawai - pegawai profesional untuk pelbagai badan perhutanan dan yang berkaitan dan industri perhutanan di Malaysia, maka tertubuhlah satu program perhutanan yang menganugerahkan Bachelor Sains Perhutanan dan mempunyai tiga pengkhususan iaitu Pengurusan Hutan, Industri Perkayuan dan Pengurusan Taman dan Rekreasi.

Pada 7 Oktober 1996 telah termetrinya Perjanjian antara UPM dan Kerajaan Negeri Selangor di mana Kerajaan Negeri Selangor telah menganugerahkan Hutan Simpan Air Hitam, Puchong kepada UPM untuk tempoh 80 tahun sebagai hutan pendidikan, penyelidikan dan pengembangan. Hutan Simpan Air Hitam, Puchong bukan sahaja boleh dimanfaatkan untuk tujuan akademik oleh pelajar UPM, malah terbuka kepada penyelidik perhutanan dari Institusi Pengajian Tinggi lain dari dalam dan luar negara. Hutan simpan yang meliputi kawasan seluas 1,248 hektar merupakan jenis Hutan Tanah Pamah yang dapat menyimpan khazanah ilmu yang berguna untuk

education and development. The Air Hitam, Puchong Forest Reserve is to be used not only for academic purposes by UPM students but is also open to forestry researchers from other institutions of Higher Learning in and outside the country. The forest reserve, which covers an area of 1,248 hectares, is the type of forest that holds a treasury of information that will be useful for humankind if it is fully exploited by researchers. Universiti Pertanian Malaysia will turn this forest reserve into a forestry research centre that is managed systematically and all plans that are made will be based on permanent forestry management without disturbing the natural condition of the forest.

The Ministry has chosen the Faculty of Forestry, UPM for the third time to implement the Eseiton programme, a yearly activity which is held to encourage school children in Malaysia to be interested in science for the purpose of implementing the government's vision of a developed country by the year 2020.

The Faculty of Agriculture

The Faculty of Agriculture was created in conjunction with the establishment of UPM on 28th October 1971, i.e. it is the basis of the establishment of the university. This Faculty consists of three departments i.e. Agronomy and Horticulture Department, Plant Protection Department and Soil Science Department. The Faculty carries out academic activities and services in agriculture and bioindustries.

Universiti Pertanian Malaysia akan menjadikan Hutan ini sebagai pusat penyelidikan perhutanan yang diuruskan dengan sistematik dan segala perancangan yang dibuat adalah berdasarkan kepada pengurusan hutan secara berkekalan tanpa mengganggu keadaan semulajadi hutan tersebut.

Kementerian telah memilih Fakulti Perhutanan, UPM buat kali ketiga untuk mengendalikan program Eseiiton di mana aktiviti ini merupakan aktiviti tahunan yang diadakan untuk menggalakkan pelajar-pelajar sekolah di seluruh Malaysia menanamkan minat terhadap sains demi melaksanakan hasrat kerajaan untuk menjadi negara maju menjelang tahun 2020.

Fakulti Pertanian

Fakulti Pertanian ditubuhkan serentak dengan penubuhan UPM pada 28 Oktober 1971 yang menjadi asas kepada penubuhan UPM. Fakulti ini mempunyai tiga jabatan iaitu Jabatan Agronomi dan Hortikultur, Jabatan Perlindungan Tumbuhan dan Jabatan Sains Tanah. Fakulti ini menjalankan kegiatan akademik dan khidmat dalam bidang pertanian dan bioindustri.

The Faculty of Agriculture aims to become a centre of excellence in science and bioresource technology through the creation of educated, creative and innovative graduates who possess entrepreneurial spirit and are knowledgeable in the field of bioindustries, as well as through planned research to augment the application of technology in bioindustries.

The Bachelor of Bioindustrial Science Programme is a new programme that was first introduced in the 1996-97 session. Bioindustry is regarded as a new field, which enlarges the scope of traditional agriculture, and at the same time giving recognition to agriculture as a huge industry based on biotic substances or living things. Among the studies that have been carried out is the study of the Arbuscular mycorrhiza fungi which uses a large amount of fertilizer and can solve agricultural problems and through this scientific technology biotic substances can be exploited to become the main source of product for research

The Faculty of Science and Environmental Studies

The Faculty of Science and Environmental Studies started as the Basic Sciences Division in 1972. Its establishment at that time was to handle and administer the basic science courses that were required by other Faculties of the University.

Fakulti Pertanian berfungsi untuk menjadi pusat kecemerlangan dalam sains dan teknologi biosumber melalui penghasilan graduan yang berilmu, kreatif dan inovatif dengan semangat keusahawanan serta berketerampilan dalam bidang bioindustri dan menerusi usaha penyelidikan yang terancang untuk meningkatkan aplikasi teknologi dalam bioindustri.

Program Bachelior Sains Bioindustri merupakan program baru yang mula ditawarkan pada sesi 1996/97. Bioindustri dianggap sebagai bidang baru yang melibatkan perluasan skop pertanian tradisional dan serentak memberi pengiktirafan kepada pertanian sebagai suatu industri yang luas yang berasaskan bahan biotik atau hidupan. Antara kajian yang dijalankan ialah kajian terhadap fungi Arbuscular mycorrhiza di mana ia menurunkan keperluan pengambilan baja yang banyak dan dapat menyelesaikan masalah pertanian dan menerusi teknologi saintifik ini juga dapat mengeksploitasikan sumber-sumber biotik menjadi sumber produk utama penyelidikan .

Fakulti Sains dan Pengajian Alam Sekitar

Fakulti Sains dan Pengajian Alam Sekitar bermula dengan penubuhan Bahagian Sains Asas pada tahun 1972. Penubuhannya pada masa itu untuk mengendali dan mentadbir kursus-kursus sains asas yang diperlukan oleh fakulti-fakulti lain di Universiti Pertanian Malaysia.

The objective of The Faculty of Science and Environmental Studies is to provide academic and professional training in the basic sciences, computer science and management of the environment disciplines besides carrying out research to fulfill the country's requirements.

Other than the courses offered which produce first-degree graduates, the Faculty also produces 58 holders of Diploma of Computer Science, in addition to 16 Masters of Science and 4 Ph.Ds. In line with the Education Ministry's proposal, beginning with the 1996-97 session, the time taken to obtain a bachelor degree is reduced from 4 to 3 years. The Ministry of Education has approved the conferment of a Master of Environment degree (M.Env.) by way of course papers (C structure) in November 1996. Intake of students for this programme is expected to take place in May 1997/98.

Research carried out by The Faculty of Science and Environmental Studies are mostly sponsored by short-term allocations and IRPA. The Faculty also receives research aid through foreign agencies.

Matlamat Fakulti Sains dan Pengajian Alam Sekitar adalah untuk memberi latihan akademik dan profesional di dalam disiplin sains asas, sains komputer serta pengurusan alam sekitar di samping menjalankan penyelidikan untuk memenuhi keperluan negara.

Selain daripada kursus - kursus yang ditawarkan dan menghasilkan graduan ijazah pertama, Fakulti Sains dan Pengajian Alam Sekitar juga telah mengeluarkan seramai 58 orang pelajar lulusan Diploma Sains Komputer, disamping 16 orang pelajar lulusan M.S. dan 4 orang pelajar lulusan Ph. D. Selaras dengan cadangan daripada Kementerian Pendidikan Malaysia mulai sesi 1996/ 97 tempoh pengajian bagi program Bachelour telah dipendekkan dari 4 ke 3 tahun. Kementerian Pendidikan telah memberi kelulusan untuk menawarkan Program Sarjana Alam Sekitar (M.Env.) secara kertas kerja kursus (struktur C) pada November 1996. Pengambilan pelajar bagi program ini dijangka dibuat pada Mei 1997/ 98

Penyelidikan di Fakulti Sains dan Pengajian Alam Sekitar kebanyakkan dibiayai melalui peruntukan jangka pendek dan IRPA. Fakulti juga telah menerima bantuan penyelidikan menerusi agensi - agensi luar negeri. Sepanjang tahun 1996, Fakulti telah menerbitkan 129 makalah di dalam "Refereed Journals", 247 prosiding/ kertas kerja, 30 laporan teknikal, 4 buah buku, 2 laporan, 1 makalah dan 1 majalah.

Throughout 1996, the Faculty has published 129 articles in 'Refereed Journals', 247 proceedings/working papers, 30 technical reports, 4 books, 2 reports, 1 article and 1 magazine.

The Faculty of Science and Environmental Studies enhanced Universiti Pertanian's reputation when two staff members from the Faculty were chosen to receive two national awards, presented by the Hon. Datuk Seri Anwar Ibrahim, i.e. Dr. Mansor Hashim who won 'the National Inventor Award 1996' and 'Universiti Pertanian Malaysia's Invention Award 1996' and Assoc. Prof. Dr. Hamdan Suhaimi who was conferred 'The National Young Scientist Award 1996'. He was also presented with the 'Young Scientist Leadership Award' from the Centre For Science and Technology of Non-Allied and Other Developing Countries, in India.

The Young Scientists Camp in Ulu Sepri, Negeri Sembilan was jointly organized by the The Faculty of Science and Environmental Studies and the Education Ministry. The theme of the camp was 'Enculturizing Science In Society'. Fakulti Sains dan Pengajian Alam Sekitar telah mengharumkan nama Universiti Pertanian Malaysia apabila dua orang pegawai fakulti telah terpilih untuk menerima dua anugerah negara yang telah disampaikan oleh Y.B. Datuk Seri Anwar Ibrahim iaitu Dr. Mansor Hashim telah memenangi "Anugerah Perekacipta Negara 1996". Beliau juga memenangi tempat pertama "Anugerah Reka Cipta Universiti Pertanian Malaysia 1996". Sementara itu, Prof. Madya Dr. Hamdan Suhaimi pula dianugerah "Saintis Muda Negara 1996". Beliau juga telah dianugerahkan "Young Scientist Lectureship Award" dari Centre For Science and Technology Of Non-Allied and Other Developing Countries" yang berpusat di India.

Kem Saintis Muda di Ulu Sepri, Negeri Sembilan adalah anjuran bersama Fakulti Sains dan Pengajian Alam Sekitar dengan Kementerian Pendidikan Malaysia yang bertemakan "Membudayakan Sains Dalam Masyarakat". Ia bertujuan untuk menanamkan semangat dan kesedaran yang tinggi dikalangan para peserta tentang peri pentingnya pengetahuan sains demi kemajuan negara dan menerapkan budaya sains dalam kehidupan seharian.

Fakulti Sains dan Pengajian Alam Sekitar juga telah mengambil bahagian dalam pameran yang dianjurkan oleh Jambori Pengakap Selangor pada 9 - 15 Disember 1996, di Kem Temasya Rimba Templer, Rawang, Selangor.

The Faculty also took part in an exhibition organized by the Scouts Jamboree in Rawang, Selangor. Among the exhibits were the Multimedia System, Computer Science Department and the Hypermedia System.

The Computer Science Department was involved with the Package Project 'Smart School' which focuses on the development of a learning package via the Internet which is carried out by UPM, UKM, MIMOS, the Education Ministry, Dataprep and Accurate whereby the system is developed by the JAVA programming. The same applies to the Computer Science Terminology Project with Dewan Bahasa dan Pustaka Dictionary that began in July 1996 till March 1997. The Faculty of Science and Environmental Studies also organized 5 conferences/seminars/courses/ workshops throughout 1996 that cover the fields of science and computers.

Jabatan Sains Komputer pula terlibat dengan Projek Pakej "Smart School" yang menumpukan kepada pembangunan pakej pembelajaran melalui internet yang diusahakan oleh UPM, UKM, MIMOS, Kementerian Pendidikan, Dataprep dan Accurate dimana sistem dibangunkan dengan pengaturcaraan JAVA. Begitu juga dengan Projek Istilah Sains Komputer dalam Kamus Dewan Bahasa dan Pustaka yang bermula dari Julai 1996 hingga Mac 1997. Fakulti Sains dan Alam Sekitar juga telah menganjurkan 5 Konferensi/ Seminar/ Kursus/ Bengkel sepanjang tahun 1996 yang meliputi dalam bidang Sains dan Komputer.

Pusat Pengajian Matrikulasi

Peranan Pusat Pengajian Matrikulasi ialah memberikan pendidikan pra-universiti kepada para pelajar dalam bidang Matrikulasi Sains, Matrikulasi Perakaunan dan Pengurusan, Matrikulasi TESL dan Matrikulasi Kejuruteraan dan menjalankan penyelidikan dan pengembangan yang dapat meningkatkan mutu dan nilai akademik pusat.

UPM's Matriculation Centre now has 5 branches, i.e. the Main Campus, the University College in Kuala Terengganu, MARA College in Kulim, MARA Foundation College in Kota Bharu, Unitek College in Kuala Lumpur and Cermaj Jaya College in Sarawak.

This Centre has carried out a number of activities throughout 1996 such as organizing The Decade Race, Matriculation Sports Between Branches and hosting the 11th Matriculation Centres/ Basic Sciences Sports. On 13th February 1996, the Centre signed a Memorandum of Understanding (MOU) with the Matriculation Centre in Cermaj Jaya to forge cooperation in pre-university education.

The Faculty of Food Science and Biotechnology

The Faculty of Food Science and Biotechnology was started in 1986 with three main departments, i.e. Food Technology Department, Food Science Department and Biotechnology Department. The programmes offered were Bachelor of Science and Food Technology and Bachelor of Science (Biotechnology) to fulfill the needs of graduates in those fields and its name was changed to the Faculty of Food Science and Biotechnology. In 1996, the Faculty introduced a new programme, the Bachelor of Science (Dietetics).

Pusat Pengajian Matrikulasi UPM kini mempunyai 5 cawangan iaitu di Kampus Induk UPM, Kolej Universiti di Kuala Terengganu, Kolej MARA di Kulim, Kolej Yayasan Pelajaran MARA di Kota Bharu, Kolej Unitek di Kuala Lumpur dan Kolej Cermat Jaya di Sarawak. Pusat ini telah menjalankan beberapa aktiviti sepanjang tahun 1996 seperti Larian Dekad, Sukan Matrikulasi Antara Cawangan (SUKMAT) dan menjadi Tuan Rumah Sukan Pusat Pengajian Matrikulasi / Asasi Sains yang ke 11. Pada 13 Februari 1996 Pusat Pengajian Matrikulasi, UPM telah menandatangani Memorandum Persefahaman (MOU) dengan Pusat Matrikulasi Chermat Jaya untuk membentuk kerjasama dalam bidang pendidikan pra- universiti.

Fakulti Sains Makanan Dan Bioteknologi

Fakulti Sains Makanan dan Bioteknologi bermula pada 1986 dengan tiga jabatan utama iaitu Jabatan Teknologi Makanan, Jabatan Sains Makanan dan Jabatan Bioteknologi. Program yang ditawarkan ialah Bachelar Sains dan Teknologi Makanan dan Program Bachelar Sains (Bioteknologi) bagi menampung keperluan graduan dalam bidang berkenaan dan telah diubah nama kepada Fakulti Sains Makanan dan Bioteknologi. Pada tahun 1996, Fakulti telah menawarkan program baru iaitu Bachelar Sains (Pengajian Makanan).

Other than teaching, the Faculty is also involved in research, development and consultancy. The specialized fields of research include cocoa technology, food flavorings, and the safety of food, food technology and others. The Faculty also contributes to the food industry in Malaysia and research institutions through consultancy and development activities, which are related to their specialized fields. The Department often organizes short courses as well as render services in chemistry analysis and food microbiology to food industries and food research institutions.

A number of laboratories have been built and equipped with services and the requirements of the food industry appropriate to the needs of students, in line with the Faculty's objective to upgrade research in various Food Science and Technology fields and Biotechnology.

The Faculty of Educational Studies

The Faculty of Educational Studies now plays the role of supervising teacher's education to train teachers of high calibre for secondary levels, manage post-graduate study programmes, carry out research in the fields of Education, Teaching, Languages and Literature and Guidance and Counseling. The Faculty of Educational Studies now provides services for mind development and consultancy in and outside the campus.

Aktiviti penting yang dijalankan pada tahun 1996 ialah Pre - IFHE Congress Workshop yang bertema "Approaching the 21 Century: Family Issues and Responses", pada 18 sehingga 20 Julai 1996, bertempat di Putra Jaya, Selangor dan "Malaysia Consumer and Family Association Seminar", pada 13-14 Ogos 1996, bertempat di Putra Jaya, Selangor.

Fakulti Rekabentuk dan Senibina

Fakulti Rekabentuk dan Senibina telah menawarkan kursus-kursus yang berasaskan rekabentuk, senibina dan perancangan. Fakulti ini mengandungi empat jabatan iaitu Jabatan Senibina Landskap, Jabatan Senibina, Jabatan Perancangan Bandar dan Jabatan Rekabentuk Perindustrian di mana menawarkan program Bachelour Senibina Landskap. Pengambil pelajar pertama ialah seramai 36 orang.

Pensyarah-pensyarah dan pegawai-pegawai yang mempunyai kepakaran dalam bidang rekabentuk dan senibina daripada Fakulti Pertanian UPM, Bahagian Ladang UPM dan beberapa Fakulti lain telah diserapkan ke Fakulti Rekabentuk dan Senibina bagi memastikan program yang dijalankan mencapai objektif yang ditetapkan.

Fakulti Kejuruteraan

Permintaan tenaga manusia yang amat tinggi dalam bidang kejuruteraan di

Malaysia telah menggalakkan Fakulti Kejuruteraan menjalankan penstrukturan semula. Terdapat 8 jabatan di Fakulti Kejuruteraan dengan penawaran 8 program Bachelour Kejuruteraan disamping meningkatkan lagi enrolmen program pengajian siswazah di peringkat Master Sains dan Doktor Falsafah.

Fakulti Kejuruteraan aktif dalam kerja-kerja penyelidikan di mana tiga projek pegawai akademik di Fakulti telah dicalonkan untuk 10 projek terbaik Universiti dalam Anugerah Reka Cipta dan Penyelidikan UPM '96.

Fakulti Kejuruteraan telah menandatangani memorandum persefahaman dengan pelbagai pihak dan antaranya ialah MoU dengan Malaysian Resources Corporation Bhd. (MRCB). Pihak MRCB telah memperuntukkan sebanyak RM0.5 juta kepada fakulti bagi penyelidikan dalam bidang perumahan. Hubungan baik yang diwujudkan oleh fakulti dengan kerajaan Negeri Selangor membuahkan hasil sehingga tertubuhnya kerusi Selangor dalam bidang Teknologi Pembinaan Termaju dengan peruntukan sebanyak RM2 juta. Yang Berhormat Menteri Besar Selangor telah merasmikan Pusat Penyelidikan Perumahan (HRC) dan Rumah Contoh. Kontrak perundingan keselamatan motosikal berjumlah RM1.6 juta diperolehi daripada Kementerian Pengangkutan manakala RM350,000 pula diperolehi daripada JKR untuk kontrak perundingan "Accident Blackspots".

Pusat Komputer

Pusat Komputer mengamalkan struktur organisasi yang mendatar iaitu kesemua kakitangan Pusat Komputer bertanggungjawab terus kepada Pengarah Pusat Komputer. Perkaedahan ini telah mempermudah kerja-kerja yang dirancang untuk tahun 1996.

Fasa Kedua Sistem rangkaian Universiti (UPMNET) meliputi seluruh kampus Serdang telah dilaksanakan pada tahun 1996. Projek-projek seperti Sistem Rangkaian Komputer Kampus, Sistem Maklumat Pelajar, Projek Pendigitalan Universiti serta Projek Sistem Bantuan Keputusan dan Sistem Maklumat Eksekutif dapat dikemaskinikan dan dilaksanakan dengan sepenuhnya. Ini dapat mengujudkan suatu suasana kampus yang dapat mengurangkan penggunaan kertas. Pada 1 Disember 1996, Helaian Web UPM telah diperbaharui dan dilancarkan. Seramai 7,500 orang mahasiswa UPM telah dapat menggunakan kemudahan e-mail di Pusat ini.

Information Technology Bussiness Centre (ITBC) telah berjaya menarik minat seramai 1,730 orang individu untuk mengikuti 96 buah bengkel berkaitan dengan penggunaan komputer PC. Seramai 1,922 orang individu pula telah mengikuti 111 buah bengkel berkaitan dengan penggunaan stesyen kerja (Work Station).

Computer Centre

The Computer Centre is based on a linear organizational structure, i.e. the staff of the Computer Centre report directly to the Director of the Centre. This method facilitated the work that was planned for 1996.

The second phase of the University's network system (UPM NET) covering the whole of the campus in Serdang was carried out in 1996. Projects such as The Campus Computer Network, Student Information System, the University's Digitilization project, Decision-making Aid system Project and the Executive Information System were updated and implemented fully. This produced a situation whereby the use of paper could be reduced. On 1st December 1996, UPM's Web Page was improved on and launched. 7,500 UPM students have been able to use the e-mail facility at this centre.

The Information Technology Business Centre (ITBC) succeeded in attracting the interest of 1730 individuals to undergo 96 workshops regarding the use of the P.C. 1922 individuals underwent 111 workshops regarding the use of the Work Station.

KHIDMAT SOKONGAN

AUXILIARY SERVICES

Pada 17 Disember 1996, Jabatan Perdana Menteri Malaysia telah menyampaikan Anugerah Pengurusan Teknologi Maklumat 1996 kepada Pusat Komputer di atas usaha-usahanya untuk memajukan penggunaan komputer selaras dengan pembangunan negara.

Perpustakaan

Secara keseluruhannya perkhidmatan perpustakaan berjalan dengan baik dengan peningkatan dalam penggunaan teknologi maklumat. Internet telah diperkenalkan kepada para pengguna sebagai salah satu sumber maklumat elektronik dengan kewujudan sistem rangkaian kampus dan sistem rangkaian setempat dalam perpustakaan. Katalog perpustakaan kini dapat diakses secara dalam talian dari luar UPM, dan para pengguna perpustakaan juga dapat mengakses katalog perpustakaan lain dari dalam dan luar negeri. Satu helaian pengenalan perpustakaan telah disediakan dalam kedua-dua Bahasa iaitu Bahasa Inggeris dan Bahasa Malaysia dan beberapa sumber maklumat di Internet telah dihubungkan melalui helaian ini untuk memudahkan dan menjimatkan masa pengguna mencari maklumat dalam bidang - bidang khusus. Sejumlah 43 topik telah dihubungkan serta akan ditambah dan dikemaskinikan dari semasa ke semasa.

Sebanyak 65 program latihan telah diadakan untuk kakitangan Perpustakaan seperti bengkel Perancangan Strategik Perpustakaan, ceramah Pengurusan Kualiti Menyeluruh TQM dan ASEAN Conference on Book Development.

On 17th December 1996, the Prime Minister's Department presented an Award for Information Technology Management 1996 to the Computer Centre for its efforts to enhance the use of computers in line with the country's development.

Library

On the whole, the library service has been good with an increase in the use of information technology. The Internet has been introduced to users as a source of electronic information with the existence of the campus network and local network system in the library. Library catalogues now can be accessed online from outside UPM, and library users can access catalogues from other libraries in and outside the country. An introductory library Web page has been prepared in both languages, English and Malay and a number of information sources in the Internet have been linked through this Web to facilitate and reduce the time used in looking up information in specialized fields. 43 topics have been linked and will be increased and updated from time to time.

65 training programmes have been carried out for library staff such as Library Strategic Planning Workshop, Total Quality Management talks and ASEAN Conference on Book Development.

Di samping itu beberapa pameran juga telah dijalankan seperti pameran sempena Pelancaran Jaring Ilmu di Perpustakaan Negara Malaysia, Pameran AIDS : Salah Langkah Bawa Padah dan Pameran Buku-buku dari senarai INFORMAN, yang telah mendapat sambutan yang menggalakkan daripada warga kampus .

Bahagian Ladang

Bahagian Ladang merupakan tunggak kepada penubuhan UPM di mana Bahagian Ladang menyediakan berbagai perkhidmatan sokongan kepada kursus-kursus yang ditawarkan di UPM. Bahagian Ladang telah pun memulakan langkah ke arah komersialnya seperti menyediakan berbagai-bagai perkhidmatan, kemudahan, sewa peralatan/ kenderaan, perkhidmatan pengurusan perosak, kemudahan kawasan penggambaran iklan/ filem, kemudahan-kemudahan rekreasi Bukit Ekspo/ tasik memancing, projek perkebunan/ lembu/ ayam kambing dan sebahagian besar kursus-kursus yang dikendalikan oleh Bahagian Ladang telah pun mula bertapak ke fakulti baru iaitu Fakulti Rekabentuk dan Senibina.

Di antara aktiviti-aktiviti yang dijalankan termasuklah kursus jangka pendek seperti Kursus Asas Hortikultur Landskap, Kursus Rekabentuk Landskap dan Kursus Tanaman Sayur-Sayuran. Sementara Kursus dalam Khidmat pula ialah Kursus Kaedah Mengajar. Sepanjang tahun 1996, Bahagian Ladang telah menerima 30 kumpulan pelawat dari dalam dan luar negara.

In addition, a number of exhibitions were held in conjunction with the launching of Knowledge network at the National Library, Malaysia, AIDS Exhibition: The Wrong Step can Bring Disastrous Consequences, and Book exhibitions from the list of INFORMAN, which elicited a good response from the campus society.

The Estates Division

The Estates Division is the core of the establishment of UPM whereby the Division provided various auxiliary services for the courses that were offered in UPM. The Estates Division has started to move towards commercialization such as providing various services, facilities, rental of equipment/ vehicles, management of repairs service, the facility for shooting films, advertisements, recreational facilities such as expo hills, lakes for fishing, gardening, cow, chicken and goat projects and the majority of the projects handled by this Division have moved to the new Faculty, i. e. the Faculty of Design and Architecture.

Among the activities that were carried out were short-term courses such as the Basic Landscape Horticulture Course, Landscape Designing Course and Vegetable Planting Course. The in-service course is the Teaching Methods Course. Throughout 1996, the Estates Division received 30 groups of visitors from within and outside the country.

Pusat Pembangunan Perniagaan Universiti

Pusat Pembangunan Perniagaan (PPP) ditubuhkan pada 15 Julai 1996 bagi menggantikan Institut Perundingan, UPM. Skop dan bidang tugas juga telah diperluaskan daripada khidmat perundingan kepada pengkormersilan teknologi, pembangunan latihan dan pendidikan lanjutan serta pembangunan perniagaan. Secara amnya Pusat Pembangunan Perniagaan Universiti ditubuhkan bagi menggalakkan kerjasama dan jaringan antara UPM dengan pihak swasta dalam memberi fokus kepada semangat keusahawanan. Selain daripada itu penggembelingan kepakaran, teknologi dan kebolehan pihak akademia dalam usahasama dengan pihak swasta akan mengujudkan perniagaan baru dan mempesatkan dan mengoptimakan masa untuk penjaan penemuan baru ke fasa pengkomersilan penemuan tersebut.

Penubuhan utama Pusat Pembangunan Perniagaan Universiti adalah untuk mendokong dan menggalakkan aktiviti perniagaan antara UPM dengan sektor awam. Selain daripada itu, ianya adalah untuk mengkomersilkan penemuan-penemuan penyelidikan UPM, membuka peluang perniagaan baru di samping menggembelingkan kepakaran dalam bidang sains dan teknologi serta pembangunan dari segi sektor industri, pertanian dan perkhidmatan. Bagi tujuan tercapainya matlamat tersebut, Pusat

University Business Development Centre

The Business Development Centre was established on 15th July 1996 to replace the Consultancy Institute UPM. Its scope and duties have been enlarged from a consultancy service to the commercialization of technology, training development and advanced education as well as business development. Generally, the Centre aims to encourage collaboration and network between UPM and the private sector to focus on entrepreneurship. In addition, the academic staffs expertise, technology and capability have been utilized together with the private sector to create new businesses and accelerate and optimize time for generating new discoveries and the commercialization of these discoveries.

The main objective of its establishment is to support and encourage business activities between UPM and the public sector. Other than that, it aims to commercialize UPM's research findings, provide new business opportunities as well as utilize expertise in science and technology and development in the industrial, agricultural and service sectors. Towards this end, the Business Development Centre will manage business with its partners from the relevant sectors besides working towards achieving a new standard of commercial practice in universities.

Pembangunan Perniagaan Universiti akan mengendalikan perniagaan dengan rakan kongsi dari sektor berkenaan di samping berusaha mencapai standard baru amalan komersil universiti.

Pusat Kebudayaan Dan Kesenian Sultan Salahudin Abdul Aziz Shah

Dewan Besar dan Panggung Percubaan dengan rasminya telah ditukar nama kepada Pusat Kebudayaan dan Kesenian Sultan Salahuddin Abdul Aziz Shah pada 25 April 1996 oleh D.Y.M.M Sultan Selangor. Pengarah pertama pusat ini adalah Prof. Madya Dr Mohamed Ali bin Rajion telah dilantik mulai 1 Julai 1996 untuk membangunkan serta mengembangkan peranan dan fungsi pusat ini.

Pusat ini ditubuhkan untuk melaksanakan kegiatan-kegiatan kebudayaan dan kesenian pelajar dan pegawai UPM sesuai dengan hasrat UPM untuk menjadi sebuah pusat kebudayaan dan kesenian yang unggul dan terkemuka. Selain daripada itu, ianya bertujuan untuk menanam, menggalak, memupuk dan meningkatkan minat serta penglibatan generasi muda terutama di kalangan pelajar dan pegawai UPM dalam segala aktiviti kebudayaan dan kesenian. Pusat ini juga menjalankan pelbagai aktiviti kebudayaan dan kesenian berintegrasi antara kaum di mana ianya selari dengan dasar nasional dalam pembentukan warga negara yang bertoleransi demi perpaduan negara.

Sultan Salahudin Abdul Aziz Shah Art and Culture Centre

The Big Hall and Experimental Theatre were officially opened and its name changed to Sultan Salahudin Abdul Aziz Shah Art and Culture Centre on 25th April 1996 by H.H. Sultan of Selangor. The first Director of this Centre is Assoc. Prof. Dr. Mohamed Ali bin Rajion who was appointed on 1st July 1996 to develop and expand the role and function of the Centre.

The centre was established to carry out art and cultural activities of students and staff, in line with UPM's aspiration to be an excellent and foremost art and cultural centre. In addition, it aims to instil, foster and nurture interest and involvement of the younger generation, especially among the students and staff of UPM in all art and cultural activities. The Centre also carries out various art and cultural activities which integrate races, in line with the national policy of creating tolerant citizens for the unity of the country.

The preparation of the hall for academic activities, talks, forums, seminars and management of examinations, convocation ceremonies, award presentations, concerts, dramas and theatre, art and cultural exhibitions in and outside the country and the renting out of the hall to the public in and outside the campus at a fixed rate are among the important activities carried out by the Centre.

Unit Perancangan Korporat

Unit Perancangan Korporat adalah gabungan daripada Unit Perancangan Korporat Bahagian Pembangunan dan Bahagian Pembangunan Staf, Jabatan Pendaftar. Jabatan-jabatan ini telah digabungkan pada 1 Oktober 1996 bagi memastikan program latihan kakitangan selari dengan perancangan korporat universiti dan menjadikan UPM sebagai pusat kecemerlangan pendidikan tertinggi.

Unit Perancangan Korporat ini mendokong tugas utama bagi menjalankan kajian strategik universiti di samping mengumpul, menyusun dan menganalisa maklumat mengenai persekitaran luar dan dalam universiti dan seterusnya menjadikan laporan untuk tindakan pihak pengurusan universiti. Unit ini juga menubuhkan suatu pengkalan data sistem maklumat eksekutif serta melantik dan menyelaras perunding dalam atau luar untuk menjalankan kajian-kajian berkaitan dengan perancangan korporat di samping menerangkan dan mengendalikan latihan untuk kakitangan - kakitangan universiti.

Corporate Planning Unit

The Corporate Planning Unit is an amalgamation of the Corporate Planning Unit, the Development Division and the Staff Development Division, Registrar Department. These departments were merged on 1st October 1996 to ensure that staff training programmes were aligned with the university's corporate planning and to enable UPM to become a foremost centre of education.

The Corporate Planning Unit is entrusted with the main task of carrying out strategic studies as well as to collect, arrange and analyse information regarding the environment within and outside the university and prepare reports for action to be taken by the university's management. This Unit also set up a database of executive information, appoint and coordinate consultants in and outside the university to carry out studies regarding corporate planning and give out information and organize training for university staff.

UNIVERSITI KOLEJ TERENGGANU/ *UNIVERSITY COLLEGE TERENGGANU*

Kampus UPM, cawangan Terengganu bermula sebagai Pusat Perikanan dan Sains Samudera pada tahun 1979. Ia dibangunkan sebagai satu kemudahan untuk pendidikan dan latihan yang berteraskan perikanan laut dan sains samudera.

Pada 23 April 1996, UPM cawangan Terengganu telah dinaikkan taraf sebagai

Universiti Kolej Terengganu, ini merupakan titik permulaan ke arah mewujudkan lebih banyak peluang pengajian tinggi di Pantai Timur. Universiti ini akan membantu mengurangkan kos keseluruhan pendidikan tinggi dengan mengurangkan pergantungan kepada institusi-institusi pendidikan luar negara.

UPM's campus, Terengganu Branch started out as a Fishery and Oceanography Centre in 1979. It was set up as a facility for education and training in sea fishing and oceanography.

On 23rd April 1996, UPM Terengganu branch was upgraded to University College Terengganu and this was the starting-point in the move towards creating many more opportunities of higher learning in the East Coast. This university will help to reduce the overall cost of higher learning by reducing dependency on foreign institutions.

**SIJIL KETUA AUDIT NEGARA MENGENAI
AKAUN UNIVERSITI PERTANIAN MALAYSIA
BAGI TAHUN BERAKHIR 31 DISEMBER 1996**

Akaun yang dinyatakan di muka surat 1 hingga 23 telah diperiksa oleh Tetuan Aljeffri & Co., Akauntan Awam, di bawah arahan saya mengikut Akta Audit 1957, berpandukan standard pengauditan yang diterima umum.

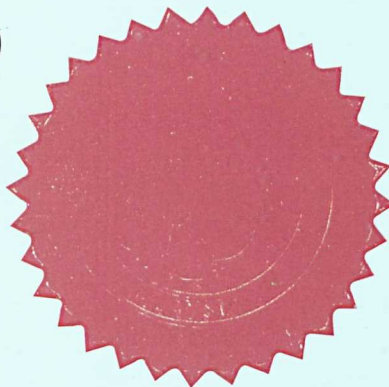

2. Pada pendapat saya:
 - (a) akaun tersebut menunjukkan satu kenyataan yang benar dan saksama mengenai kedudukan kewangan Universiti Pertanian Malaysia pada 31 Disember 1996 dan hasil kendalian berkaitan dengannya serta perubahan kedudukan kewangan bagi tahun berakhir pada tarikh itu; dan
 - (b) rekod-rekod perakaunan serta daftar-daftar berkaitan telah diselenggara dengan memuaskan.

3. Sijil ini hendaklah dibaca bersama-sama laporan saya bertarikh 2 Julai 1997 yang juga disertakan bersama-sama ini.

LAPORAN KETUA AUDIT NEGARA MENGENAI AKAUN UNIVERSITI PERTANIAN MALAYSIA BAGI TAHUN BERAKHIR 31 DISEMBER 1996

Akaun Universiti Pertanian Malaysia bagi tahun berakhir 31 Disember 1996 telah diperiksa oleh Tetuan Aljeffri & Co., Akauntan Awam, di bawah arahan saya mengikut Akta Audit 1957. Selain dari mengesahkan Akaun tersebut, saya juga telah menjalankan kajian audit mengenai perolehan dan pengurusan peralatan bagi tempoh 1991 hingga 1995 di Universiti Pertanian Malaysia untuk menentukan ianya dikenalikan denagan teratur. Hasil kajian audit adalah dinyatakan di perenggan-perenggan yang berikut.

2. Bagi maksud kajian tersebut, 67 dokumen kontrak bernilai RM30.43 juta telah diminta untuk diaudit. Walau bagaimanapun, 30 dokumen kontrak bernilai RM25.27 juta tidak dapat dikemukakan. Tanpa dokumen-dokumen tersebut, saya tidak dapat menjalankan pengauditan yang sempurna terhadap peralatan-peralatan yang diperolehi oleh Universiti.
3. Semakan terhadap 37 dokumen kontrak yang dikemukakan, didapati 21 kontrak bernilai RM7.24 juta lewat ditandatangani antara 32 hingga 285 hari. Tiga daripadanya bernilai RM0.50 juta ditandatangani selepas tamat tempoh kontrak. Kelewatan menandatangani dokumen kontrak akan merumitkan penguatkuasaan syarat-syarat kontrak. Di samping itu, mengikut syarat-syarat kontrak, Universiti berhak mengenakan denda terhadap pembekal yang tidak membekalkan peralatan dalam tempoh yang ditetapkan. Walau bagaimanapun, pihak Universiti tidak mengenakan denda di bawah 18 kontrak bernilai RM6.19 juta. Mengikut perkiraan audit, jumlah denda yang boleh dikenakan ialah RM154,874.
4. Menurut peraturan, kontrak rasmi perlu di ikat bagi sesuatu pembelian yang dibuat secara sebutharga atau tender. Namun begitu, Universiti tidak menandatangani kontrak rasmi bagi pembelian yang dibuat melalui sebutharga iaitu pembelian-pembelian yang melebihi RM10,000 hingga RM50,000. Ketiadaan kontrak rasmi akan menyukarkan pihak Universiti mengambil tindakan terhadap pembekal yang gagal mematuhi syarat-syarat atau spesifikasi bekalan peralatan.
5. Rekod-rekod berhubung dengan penyelenggaraan, penggunaan dan pergerakan peralatan tidak diselenggarakan. Tanpa rekod-rekod ini pihak pengurusan Universiti sukar untuk mengawal penggunaan dan pergerakan peralatan pada sesuatu masa. Di samping itu, tidak ada bukti yang menunjukkan verifikasi fizikal ada dijalankan oleh pihak Universiti untuk mengesahkan kewujudan dan menentukan bahawa peralatan-peralatan tersebut adalah dalam keadaan baik untuk digunakan.

NOTA-NOTA KEPADA AKAUN/ **NOTES TO ACCOUNT**

NOTA 1 - DASAR PERAKAUNAN/ **NOTE 1 Accounting Policy**

(a) Am/ *General*

Semua dasar perakaunan adalah bersamaan dengan dasar-dasar yang digunakan pada tahun terdahulu.

All accounting policies are similar to the ones used in previous years

(b) Asas Perakaunan/ *Accounting basis*

Penyediaan akaun-akaun adalah mengikut konvensyen kos sejarah.

The accounts were prepared according to the historical cost convention

(c) Pengiktirafan Pendapatan/ *Recognition of Income*

Pendapatan diiktiraf atas dasar akruan.

Income is recognised on the accrual basis.

(d) Hutang Lapuk dan Hutang Ragu/ *Bad debts and doubtful debts*

Peruntukan dibuat bagi hutang lapuk yang dikenali berdasarkan kepada penyemakan akhir tahun ke atas hutang yang belum dapat dipungut.

Allocation is made for bad debts based on end of year end debts that have not been recovered

(e) Aset tetap dan Susutnilai/ *Fixed Assets and Depreciation*

Aset Tetap dinyatakan pada kos setelah ditolak susutnilai dan didefinisikan sebagai barang-barang takluak yang mempunyai tempoh penggunaan ekonomik yang lebih daripada 12 bulan yang bernilai RM3,000 atau lebih setiap satu.

Fixed assets are stated at cost after deduction of depreciation and is defined as tangible assets that has an economic usage that is more than 12 months, valued at RM3,000 or more each.

Tanah dipermodalkan mulai tahun 1993. Susutnilai tidak diperuntukkan bagi tanah milikbebas manakala tanah pajakan dilunaskan mengikut jangka masa pajakan.

Land is capitalized from the year 1993. Depreciation is not allocated for freehold land whereas leasehold is amortized according to the mortgaged period.

Bagi kesemua aset yang lain, susutnilai dikira berasaskan kaedah garis lurus ke atas anggaran hayat kegunaan aset berkenaan. Kadar susutnilai tahunan utama adalah:

For all other assets, depreciation is calculated based on the linear method on the lifespan of the particular asset. The main annual depreciation rate is as follows:

Bangunan/ <i>Building</i>	2%
Bangunan Tidak Kekal/ <i>Temporary Building</i>	10%
Infrastruktur/ <i>Infrastructure</i>	5%
Mesin dan Peralatan Pejabat/ <i>Machine and Office Equipment</i>	20%
Perabot dan Alat Pemasangan/ <i>Furniture and Fixtures</i>	20%
Kenderaan Bermotor dan Jentera/ <i>Motor Vehicles and Machines</i>	20%
Alat Pengajaran, Penyelidikan, Sukan dan Komputer/ <i>Teaching Aids, Research, Sports and Computer</i>	20%

(f) Pembinaan Dalam Kemajuan/ *Construction in Progress*

Pembinaan dalam kemajuan seperti bangunan yang sedang dibina dinilai mengikut kos dan susutnilai tidak diperuntukkan. Apabila sudah siap, kos pembinaan dipindah ke aset tetap yang berkenaan

Construction in progress, such as buildings which are being constructed, are valued according to cost and depreciation are not allocated for. When they are completed, the cost of construction is transferred to the relevant fixed asset

(g) Pelaburan/*Investment*

Pelaburan dinyatakan pada kos ditolak rosotan nilai pelaburan berkenaan yang kekal.

Investment is stated at cost minus depreciation of value of permanent Investment.

(h) Aset Di simpan Untuk Jualan/*Assets Kept for Sale*

Aset Di simpan Untuk Jualan diperakaunkan menurut nilai yang lebih rendah diantara kos dan harga pasaran.

Assets kept for sale are accounted according to the value which is lower between the cost and the market price
