

**Descriptions of the pupae and larvae of *Stenopsyche siamensis* Martynov, 1931
(Trichoptera: Stenopsychidae) with notes on larval biology**

ABSTRACT

Detailed descriptions are given of the pupae and larvae of *Stenopsyche siamensis* Martynov, and comparisons are made with the immature stages of other *Stenopsyche* species previously described from Asia. The larval feeding biology of *S. siamensis* and its position in stream communities are briefly discussed.
