Cosmopoint emphasises on IT

BEING a front runner in IT education, Cosmopoint College of Information Technology regularly conducts discussions with regards to its curriculum and study system.

These sessions are held every semester to ensure that the quality of its curriculum and study system is on par with other public universities and colleges in the country.

Among its External Assessors are Prof Dr Abdul Azim, Dean Faculty of Computer Science faculty, UPM, Prof Dr Rosli Talif, Deputy Dean Faculty of Modern Language and Communication, UPM, Assoc Prof Dr Mohd Sapiyan Baba, IT Centre Universiti Malaya, Prof Fathiyah Yahya, Faculty of Office Management & Technology, UiTM and Dr Ruslan Abdul Rahim, Deputy Dean, Faculty of Art & Design, UiTM.

At each meeting, Cosmopoint's curriculum and study system are thoroughly scrutinised and evaluated by the assessors to ensure the standard meets with the requirements of the National Accreditation Board, says Datuk Idrus Mohd Satha, its president.

As an MSC status company, Cosmopoint has always placed great emphasis on Research & Development, he adds.

The college develops its own courseware with curriculum based on current requirements of the industry. Course materials and notes are being delivered using the multimedia presentation mode with LCD projectors and it is standardised for all its centres nationwide.
