

Don't discard used cooking oil because it can still be utilized. A research by Universiti Putra Malaysia (UPM) has succeeded in turning cooking oil into biodiesel for use for heavy machinery and vehicles. Those who give used cooking oil to UPM will be paid RM1 for every 1kg of such oil. The processing of 100 liters of used cooking oil which takes about six hours will produce 90 liters of biodiesel and 10 liters of glycerol. [Read More](#)
