

Ahmad Zaki Resources clinches contract for SSP Line worth RM288.5m

KUALA LUMPUR: Civil engineering and construction group Ahmad Zaki Resources Bhd (AZRB) has secured an additional package worth RM288.5 million for Line 2 of the Klang Valley Mass Rapid Transit project, also known as the Sungai Buloh-Serdang-Putrajaya

(SSP) Line.

Awarded by Mass Rapid Transit Corp Sdn Bhd, the contract is for package S206, which comprises the construction of three elevated stations and other associated works at Serdang Raya (South), Seri Kembangan and Universiti Putra Malaysia.

AZRB said in a statement the works were expected to commence immediately and would last for 48 months, hence contributing positively to the financial years ending December 31 this year to 2021.

"We have successfully completed packages V6 and S6 of MRT

Line 1, the Sungai Buloh-Kajang Line, and are now undertaking package V202 of MRT Line 2-SSP Line. This additional package awarded to us demonstrates our capability and excellent track record as a railway infrastructure builder," said AZRB group managing director Datuk Seri Wan

Zakariah Wan Muda.

"The new contract brings AZRB's total wins for the year to RM502.5 million. These wins have increased the current unbilled order book to RM4 billion, to sustain the group over the next three to four years," the company said.
