

**Two new species of *Dendrobium* Sect. *Calcarifera* (Orchidaceae) from Terengganu,  
Peninsular Malaysia**

ABSTRACT

Two new species, *Dendrobium ainiae* R. Go et E. E. Besi and *Dendrobium ruseae* E. E. Besi et Dome belonging to Sect. *Calcarifera* are described and illustrated from Terengganu, Peninsular Malaysia. These species are so far known from a population in lowland dipterocarp forest. A field key to the Peninsular Malaysian taxa of *Dendrobium* Sect. *Calcarifera* including *Dendrobium chewiorum* is also provided.
